

M.Sc. Marine Sciences graduates of GU hired by M/s Navionics

[M/s Navionics](#), a Garmin® Ltd. company, at Hyderabad, India underwent a placement event at the Goa University and hired nine (9) students (besides 3 on wait list), graduated from [Dept. of Marine Sciences](#). The company develops and manufactures electronic navigation charts of marine areas, lakes, and rivers around the world for use in GPS chartplotters and mobile devices as their website indicates. Based in Viareggio, Italy, Navionics operates its US headquarters in Wareham, MA, and worldwide offices in the UK, India and Australia. The company has world's largest cartography database and makes its unique and valuable content available to boaters on MSD and CF memory cards for use in GPS chartplotters, and within the Boating app for Apple and Android devices. Over 300 enthusiastic and talented individuals currently work for Navionics.

The students who were placed in first round are: Swapnali R. Patale, Anupam Karangale, Brian DSouza, Ashwin Rajkumar, Ashwin Kumar, Shreyas Tapkar, Arjun Peddikudy, Shivam Sundaram and Ravikanth Satwik whereas Shailesh Shetye, Mahima Dave, Sangamesh V. Mathad are on the wait list. Congratulations to every one. Navionics arrived for the first time to Goa University to explore human resources and could find as many as 12 students from the Dept. of Marine Sciences worth their needs. Their approach should prove to be exemplary for other potential employers too.

Students selected by M/s Navionics, Hyderabad; HoD, Marine Sciences and Company executives
