

SERIES OF WORKSHOPS ON RESEARCH METHODOLOGY

FROM

6th September to 24th October 2018

Organized by

Department of Commerce, Goa
University

About the Workshop

The series of workshops has been classified into five segments, each segment of workshop covering various relevant areas of research. The main idea behind the concept of “Series of Workshops” is to enable the student to learn and practice the application in their project/dissertation work simultaneously. The series of workshops will augment the research orientation of the participants and also provide practical exposure to enhance the quality of research.

Objectives of the Workshop Series

- i) To familiarize students with basic concept of research, research process & methods so as to enable them in carrying out their project or dissertation work.

- ii) To develop an understanding of research methodology & techniques along with its applications in various business situations.
- iii) To give hands-on practical experience to students in using Statistical Software.

Who can participate?

Post-graduate students of Goa University and affiliated colleges of Goa University.
