CIRCULAR

It is brought to the attention of all the employees of the Goa University that 108- EMRI Emergency free ambulance service is stationed at our campus for 24 hours at the room behind the Health Center. One Female paramedic, emergency technician will be stationed at the Women's hostel for 24 hours.

This will benefit the University staff, students and the surrounding villages.

The 108 ambulance van is fully equipped with various common emergency medicines, equipments, oxygen cylinders and life saving instruments. The ambulance van has a Paramedic who is well trained in handling any emergencies including conducting pregnant deliveries and providing the necessary first aid for road traffic accidents or other medical and surgical emergencies after examining the patient. The ambulance van will shift the patient to hospital for further stabilizing of the patient.

The Bike ambulance also called the First Responder ambulance is a well trained male paramedic and emergency technician. The bike has all the necessary medicines required to provide first aid and stabilize the patient during the golden time. Bike ambulance is available only during the day time as per their duty hours.

In an eventuality of an emergency, you are informed to call 108 toll free helpline over any landline or mobile phone. It is important to save the "golden time/golden hour" in an emergency.
