

Salters' Chemistry Camp

Organized by

Department of Chemistry
Goa University

in association with

The Salters' Institute and Royal Society of
Chemistry

on

22nd – 24 November 2018

Department of Chemistry, Goa University in association with The Salters' Institute and Royal Society of Chemistry, UK is organizing a three day

'Salters' Chemistry Camp'

at Department of Chemistry, Goa University to be held during
22nd – 24th November 2018.

The participants are 9th standard students from various schools in different parts of Goa and for three days they will be staying in the University campus.

In addition to an invited lecture by Prof. S.P. Kamat for the young students, the participants will perform 6 Chemistry experiments.

Late evening Quiz, Science movie screening, visit of instrumentation facilities etc. are other activities that will be held.

The 3-day camp is convened jointly by
Dr. Sandesh T Bugade and Dr. Rohan Kunkalienkar.
