REPORT ON SWACHHATAM MAHAVIDYALAYA SAMMAN

1. INTRODUCTION

In continuation to last two years (2016-17 and 2017-18) survey on Swachhatam Mahavidyalaya Samman (SMS), the third survey was carried out in the month of December 2018. During 2016-17 only 54 academic institutions were included in the survey, the number increased to 56 during 2017-18 and 58 in 2018-19. There is visible change taken place with respect to the cleanliness drive initiatives carried out voluntarily by majority of the academic institutions, i.e., 35 out of 57 institutions (61%) weighted average score (WAS) showed an increasing trend. The remaining 22 institutions (39%) out of 57 showed inconsistent cleanliness initiatives.

For the first time the institutions are also ranked based on the number of students, which may give more information about the volume of cleanliness drive initiatives undertaken by the institutions. The more the number of students, the more will be the requirements for various facilities and the volume of work involved in maintaining the facilities.

The result of the survey is classified in the following manner:

- Overall Ranking of all Affiliated Institutions [refer Annexure 1 – Page 4 & 5]
- Ranking of Professional Institutions [refer Annexure 2 – Page 6]
- Ranking of Non-Professional Institutions [refer Annexure 3 – Page 7]
- Ranking of Government Institutions [refer Annexure 4 – Page 8]
- Ranking of Private Institutions [refer Annexure 5 – Page 8 & 9]
- Ranking of Institutions on the basis of number of Students [refer Annexure 6, 7, 8, 9, 10, and 11 – Pages 10, 11 & 12]

Overall result during the last three years indicates that more number of institutions moved towards higher degree of cleanliness in comparison to earlier years (**Exhibit – 1**). It is evident that more number of institutions are moving towards higher grades (A+, A, B+, and also B) resulting in less number of institutions falling under low grades (C, D, and E), which is a clear indication that the institutions are seriously focusing on maintaining the facilities in the best possible manner and inculcating the cleanliness initiatives among various stakeholders.

Exhibit – 1: Overall Classification of the Institutions for three years.

#	Category	Weighted Average Score (WAS - 170)	Grade	Number of Institutions		
				2018-2019	2017-2018	2016-2017
1	Excellent	136 >	A+	7	6	3
2	Good	119-135	A	9	--	2
3	Satisfactory	85-118	B+	20	12	7
4	Unsatisfactory	68-84	B	10	14	8
5	Poor	35-67	C	8	17	13
6	Very Poor	18-34	D	2	4	8
7	Extremely Poor	17<	E	1	3	13
Total				57	56	54

2. CRITERIA ADOPTED FOR EVALUATION

In order to identify the best institution in the State of Goa having a planned and well managed system of cleanliness, a Committee was constituted and the Committee essentially employed **ten criteria** required to be followed as per the *Swachh Bharat Mission*. These aspects include:

1. **Stop littering and dispose garbage properly:**
[Garbage disposal practice and maintenance of the premises]
2. **Sort your garbage**
[Garbage segregation practice/Biodegradable v/s non-biodegradable]
3. **Maintain Hygiene**
[Overall ambiance, class rooms, office, toilets, canteen, *etc.*]
4. **Re-Use and Re-cycle**
[How the 2nd aspect is processed further]
5. **Say NO to Plastic**
[Ability to avoid use of plastics – connected to 2nd and 4th aspects]
6. **Consume what you need**
[Waste minimization practice – connected to 2nd, 4th, and 5th aspects]
7. **Water care**
[Minimal usage, recycling and rainwater harvesting practices]
8. **Reduce your carbon footprints**
[Facilities usage practices – AC, vehicles, *etc.* leading to Greenhouse Effect]
9. **Check Air Pollution**
[Waste and garbage disposal practices – connected to 2nd, 4th, and 5th aspects]
10. **Environmental education and tree plantation**
[Afforestation and Reforestation practices]

These **ten criteria** are **categorized into five sections** and are explained below. These criteria are employed for evaluating and verifying the facilities management aspects of an institution.

Section I: Stop littering and dispose garbage properly - Consists of 15 statements each having 4 points, totaling 60 points. As the famous saying goes “*First impression is the best impression*”, the moment one approaches or enters an institution, one should feel it as “*a welcoming place*”, having

- Landscape, safe drinking water facility, sanitation and with an efficient pollution management system,
- Good and safe access / Good signage to and inside the institution,
- Equal access for all members of the community / Litter and other waste management,
- The maintenance of playground, beautification and landscaping, buildings, equipment's and other features
- A policy of litter, vandalism and maintenance should be in practice and regularly reviewed,
- An existence of a compound wall and secured entry/exit points to protect from any wrongful and unauthorized entry, and
- Proper fire safety measures maintained in working condition and practiced.

Section II: Includes five aspects *viz.*, **Sort your garbage, Maintain Hygiene, Re-use and Re-cycle, Say No to plastic, and Consume what you need**, and consists of 15 statements each allotted 2 points, totaling 30 points. The Committee members verified all the above mentioned aspects during the visit. To achieve success, a level of awareness among the stakeholders and a definite policy in place at the institution. This was confirmed by assessing:

- Surroundings of the institution while entering / Various offices / Class rooms,
- Laboratories / Computer Labs / Library / Girls and Boys common rooms,
- Toilets / Canteen / Sports complex/auditorium,
- Re-using and Re-cycling areas (Waste disposal and management – incineration, composting, waste water treatment plants, *etc.*)

Section III: Single criterion *viz.* **Water Care** was evaluated. It consists of 10 statements each having 4 points, totaling 40 points. The Committee members obtained the information about the supply and demand for water in the institution, dependence on external and/or internal source, storage and dispensing facility, re-use and recycling of waste water, and overall availability of drainage facility. The Committee members also verified whether:

- Central water storage facility was maintained in hygienic condition,
- Planned capacity tallied with actual capacity,
- The water dispensing areas (wash rooms, toilets, drinking water facility, water taps outside the buildings, *etc.*) maintained properly,
- The water for other purposes including consumption came from same source or not,
- Purification mechanism was available for providing safe drinking water, and
- Any rainwater harvesting facility, re-use or re-cycle facility was available.

Section IV: Reduce your carbon footprints and Check Air Pollution - consists of 10 statements each having 2 points, totaling 20 points.

The Committee members verified whether the institution provide transportation facility for the students. The more an institution allows entry of vehicles, the more will be the carbon footprints. The Committee members verified the following aspects:

- Whether the institution has its own transportation facility for the students?
- Whether the institution has sufficient and proper parking place?
- Whether the parking place is maintained well and whether the stakeholders follow rules properly?
- Whether the institution has sufficient natural lights and ventilation in and around the buildings?
- Whether the institution use incinerator for burning the dry waste?

Section V: Environmental education and tree plantation - consists of 5 statements each having 4 points, totaling 20 points. The Committee members inspected the environmental awareness created by the institution among students and teachers and checked the following aspects:

- Whether the institution has enough greenery in and around the campus?
- Whether the institution has regular practice of planting saplings and maintaining them?
- Whether the institution imparts environmental education to its stakeholders?

Upon evaluation of the above ten criteria, the overall weighted average score was computed and a report was prepared. This exercise of evaluation and assessment was carried out in with complete objectivity.
