

Prof. Rajendra Gad becomes Senior Member of IEEE

IEEE - The world's largest technical professional organization for the advancement of technology inspire a global community to innovate for a better tomorrow through its 423,000 members in over 160 countries. The significant activities include highly cited publications, conferences, publication of technology standards and conducting professional & educational activities. It is therefore IEEE is the trusted "voice" for engineering, computing, and technology information around the globe. The membership of IEEE enhances every stage of individual's career. Advancing member grade brings added peer recognition to the accomplishments. The types of memberships that exist today are Student Member, Affiliate to Member, Associate to Member, Senior Member Grade, Fellow Grade and Life Member. Grade advancement is used for key volunteer positions at the IEEE.

The status of [Rajendra S. Gad](#), a Professor and Head of the Department of Electronics at Goa University has recently been elevated to the grade of 'Senior Member' of IEEE. This elevation is based on his performance such as team leader, task supervisor and a faculty developing and teaching courses, research and publications. By this, Prof. Gad becomes one of the 10% of the total members of IEEE who have been elevated to 'Senior member' status, as indicated by IEEE President and CEO - James A. Jefferies.

Congratulations to Prof. Gad for his continual performance and look forward more laurels he brings in for himself and therefore to the University.
