

DHE is nodal agency for setting up bio-incubator facility at GU

■ NT NETWORK

PANAJI

The government has appointed the directorate of higher education (DHE) as the nodal agency for the purpose of setting up a project involving bio-incubator facility at Goa University (GU).

The biotechnology incubator will provide an opportunity to prospective entrepreneurs to develop, test and process their ideas/ projects at a laboratory level at reasonable costs.

Meanwhile, the director of industries, trade and commerce has been directed to handover all the relevant files pertaining to the project of setting up bio-incubator facility to the directorate of higher education.
