

## National Science Day celebrated in the Physics Department

On the occasion of the National Science Day, 28<sup>th</sup> February, 2020, marking the discovery of Raman effect by C. V. Raman, Physics department opened its laboratories to school children and visitors. Children from neighboring schools visited the department's research laboratories. The students were taken through a tour of the various research facilities of the department followed by the demonstration of a short video on the life and works of C. V. Raman.
