Report of Microbiologists Society India (MBSI) Student Unit of SEOAS for the academic year 2021-22

The Student Unit of Microbiologists Society, India was initiated in December 2022 with student membership of 29 students (<https://microbiosociety.com/college-having-students-unit/>).

Ms. Ruta Sawant from MSc Part I (Marine Microbiology) and Ayman Khan from MSc Part II (Marine Microbiology) were selected as student representatives. The membership collected and the expenditure of which is as below:

Total membership for 2021-22 = 2400 (new) + 750 (renewed) = Rs. 3150/-

Amount transferred to MBSI = 20% of 3150 = Rs. 650/-

Balance amount remaining = 3150 – 650 = Rs. 2500/-

The balance membership is to be used for organisation of various activities.

In order to create awareness among students about antibiotic resistance and role of microbiology in CoViD 19, the student unit organised Microbiology Awareness Week with 2 activities, poster competition and an essay competition in March 2022, wherein three best posters and essays were selected. The judge for the competition was Dr. Varsha Ghadyale, Head, Department of Biochemistry, Gogate Jogalekar College, Ratnagiri.

Coordinator

MBSI student unit,

SEOAS

Microbiology Awareness Week

Organized by

MSI student unit,

School of Earth, Ocean and Atmospheric Sciences, Goa University

in collaboration with

Microbiologists Society, India (MSI).

Essay Competition:

1. Role of microbiology in CoViD-19
2. Antibiotic resistance – solutions

Rules for the competitions:

1. Participant should be MSI member
2. Individual participation
3. Maximum 1000 words
4. Plagiarism free, more than 15% plagiarism will be disqualified
5. Date of submission 17.03.2022

Poster Competition:

1. Microbiology for sustainable future
2. Antibiotic resistance

Rules for the competitions:

1. Participant should be MSI member
2. Maximum 2 participants per entry
3. Plagiarism free, more than 15% plagiarism will be disqualified
4. Use one Card sheet
5. Should be hand drawn or collage
6. Date of submission 19.03.2022

Session with field experts:

Scope of Marine Microbiology
*Link will be shared on
18.03.2022

**Prizes to winners and Certificates
to all participants**
