

SCHOOL OF CHEMICAL SCIENCES
REPORT

Invited talk by Prof. Jagirdar, IISc Bangalore in SCS on 24th January 2023

Prof. Balaji Jahangirdar, Department of Inorganic and Physical Chemistry, Indian Institute of Sciences, Bangalore, visited School of Chemical Sciences, Goa University on 24th January 2023. He had discussion on various academic topics with the research students and faculty of the School and later delivered a talk on the topic "Selective hydrogenation of terminal alkynes and approaches towards reversible hydrogen storage."

In the talk he presented the recent work being carried out at his laboratory, which includes the synthesis of stable colloidal metal nanoparticles using the solvated Metal Atom Dispersion (SMAD) method, semihydrogenation of acetylene to ethene and the challenges faced during the process, etc. He also discussed about the approaches taken in his group to solve such research problems.

Faculty, research students and post-graduate students of the School attended the talk. The program was coordinated by Prof. S. N. Dhuri with the help of SCS Events Committee.

The brochure, photographs and the attendance taken during the seminar is presented below.
