### Shenoi Goembab School of Languages and Literature

#### Discipline of French and Francophone Studies

#### Report on Student-Centric Practices - *Diagnostic French Language Test*

A Diagnostic test on 4 competencies of the French Language (Oral and Written Comprehension and Oral and Written Expression) was conducted in the months of August- September 2023 by Dr. Irene Silveria, Ms. Natasha Gomes, Assistant Professors in French and Ms. Elisabeth Defrain, French Language Assistant, for the incoming MA Part-1 students. 12 students registered for MA Part 1 in Academic Year 22-23.

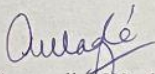

The objective of the Diagnostic tests was to assist students in identifying their current level in the French Language and subsequently take constructive action towards the targeted improvement of the competencies.

The results of the tests were discussed individually with the students by all 3 faculty and constructive feedback was provided. Based on their levels, students were counselled on the choice of elective courses so that they could take proactive steps in improving their language skills.
