Date and time	August 10 th 2023, at 4.30 p.m.
Mode	Offline
Faculty attended	6
Students attended	86
Participants	92
The objective/description of the activity	<p><u>Objective:</u> To develop a sense of gratitude towards nature and signify our responsibility to protect nature.</p> <p>All the students, teachers and non-teaching staff were informed to gather in the backyard of School of Chemical Sciences premises for sapling plantation at 4.30 pm. Accordingly students of M.Sc. first year program gathered along with few teachers, Dean, SCS and non-teaching staff. Saplings of bakul, curry leaf, and other flowering plants were brought by students and faculty members. Dr. Prachi Torney who was the in-charge of this activity guided the students before planting the saplings. The non-teaching member Mr. Gaurav helped the students in digging the soil. Other faculty members, Dr. Sandesh, and Dr. Prajesh also assisted students in sapling plantation. In total nine saplings were planted. The event ended by watering the freshly planted sapling. The Dean stated in his concluding remarks that the students should take care of the saplings they had planted and promote this activity among their juniors.</p>
Benefit/Key outcome of the event	The participants felt a sense of respect towards environment. By planting the sapling students realized their commitment towards protecting the nature and their duty of preserving the flora and fauna in the University premises.
