The session was engaged by Dr. Monica Singh, Subject Matter Specialist- at ICAR. The speaker discussed the Human diets, Global grain demands, climate change and factors affecting crop produce. She mentioned about lifestyle diseases caused due to Gluten, Sugars, Sodium, fats etc. like diabetes, hypertension, and various cancers. An emphasis was made to switch to fibre and protein rich substitutes like Millets. She explained the broad classification of Major and Minor millet varieties grown and regional distribution in India. The nutritional details and common names of all the millets were displayed.
9. This year being the 154th birth anniversary of Gandhi, the faculty of the Department of History highlighted various stages of Gandhi's life, right from his early life as 'Moniya', the shy boy in school, to him rising as the Father of our Nation, using the strongest and yet non- violent weapon, that is the weapon of Satyagraha, which firmly asserts the truth. Through the study of Gandhi, efforts are made to instil values in students, these being the values of an ideal satyagrahi wherein the evil action is condemned, and not the doer of the act; yet another characteristic of a true Satyagrahi was not to be a coward, to fight for a just cause, to practice what one preaches. These values are applicable even today. Also, the three issues dear to Gandhi's heart are stressed upon, these being Hindu- Muslim unity, improvement in the status of women and upliftment of the untouchables. So students are made aware that the urgent need of the hour is a spirit of unity and a sense of respect for all sections of the society, including the marginalized. Through his Sarvodaya movement, Gandhi catered to the welfare and progress of all.

In addition, on 5th October 2023 the Department of History will be having an inter- class presentation on Gandhi, the theme being one of his famous teachings 'Be the Change that you want to See' and entries for this competition have already come in.

10. Students and staff of the Department of English of Carmel college of Arts, Commerce, and Science for Women, Nuvem, Goa had their keyboard and guitars out on Saturday 2nd September, 2023 to present Literature through Music. 4. On 4th September 2023, the Law Department of our college organized a highly informative and engaging workshop on the topic "Empowering Entrepreneurship through Alternative Dispute Resolution (ADR)." The workshop was facilitated by the esteemed and knowledgeable Adv Zyfern Dias, who is widely recognized for his expertise in the field of ADR. The event was attended by students who were keen to understand the significance of ADR in the entrepreneurial ecosystem. The workshop was structured to cover various aspects of ADR and its relevance to entrepreneurs. Adv Zyfern Dias commenced the workshop with an overview of ADR, highlighting its different methods, such as mediation, arbitration, negotiation, and conciliation. He emphasized the importance of ADR in resolving disputes efficiently and cost-effectively. The resource person discussed how ADR can be a valuable tool for entrepreneurs in managing conflicts and disputes that may arise in their business ventures. He provided real-life examples of how ADR has been used successfully by entrepreneurs to avoid costly and time-consuming litigation. Adv Zyfern Dias conducted practical exercises and case studies to demonstrate how ADR techniques can be applied in various entrepreneurial scenarios. Participants had the opportunity to engage in mock negotiations and mediations, allowing them to gain hands-on experience. The workshop also delved into the legal framework surrounding ADR in India, including relevant legislation and regulations. Adv Zyfern Dias clarified the legal aspects of ADR and its enforceability. The resource person highlighted the role of legal professionals, such as lawyers and mediators, in facilitating ADR processes for entrepreneurs. He discussed the skills and qualifications necessary for individuals pursuing careers in ADR. The workshop provided valuable insights into the world of ADR and its implications for entrepreneurship.

The students of Goa College of Hospitality and Culinary education have participated in various banqueting events hosted by Taj, Cidade de Goa during July to September, 2023. 2. The second-year students will be proceeding for a 6 months internship in

October in five-star hotels.

3. Participating in outdoor catering and banqueting services organized by 5-star hotels offers numerous advantages to students pursuing hospitality and hotel management programs. These experiences provide invaluable hands-on training, allowing students to develop essential skills in food preparation, customer service, event coordination, and problem-solving. Working within the high standards of 5-star hotels exposes students to industry best practices, and they gain insights into guest expectations and preferences. Moreover, students learn teamwork, leadership, adaptability, and time management skills while also building a professional network. This practical experience enhances their resumes, boosts confidence, and opens doors to future job opportunities in the dynamic field of hospitality.
