10. The objectives of the Program/activity/event	The objectives of inter sectional football tournaments in a university school are multifaceted. Firstly, they provide a platform for student-athletes to showcase their talents and compete at a high level while pursuing their education. These tournaments foster teamwork, discipline, and leadership skills among participants. Additionally, they promote school spirit, bringing together all the students. Such football tournaments also serve as a source of

	entertainment and stress busters for students. Overall, such football tournaments aim to balance academics and athletics while fostering personal growth of students.
11. Description of the Program/activity/event	Four teams of boys and girls, namely Organic, Physical, Analytical and combination of Inorganic and Biochemistry participated in SCS Inter-section Football Tournament 2023. In a thrilling showdown on the University ground, the Organic girls emerged victorious, showcasing their tenacity and teamwork against Inorganic girls. They were a force to be reckoned with, displaying their proficiency in the physical aspect of the game. The Analytical Boys emerged victorious in a closely fought match against Organic boys. Each match was a closely fought battle, with spectators witnessing not just a competition but a celebration of diverse talents and skills leaving everyone inspired
12. Benefit/Key outcomes of the Program/activity/event	The football tournament yielded several key outcomes. Firstly, it promoted teamwork, sportsmanship, and physical fitness among the participants, fostering a sense of camaraderie and healthy competition. Secondly, it showcased the diverse skills and talents of teams. Additionally, the tournament served as a source of entertainment, bringing the SCS community together. Finally, the closely fought matches left a lasting impact, inspiring and motivating both players and spectators, contributing to the overall growth and enthusiasm for the sport on campus.
