

Ms. Veda Manerikar, a research scholar from the Biotechnology discipline School of Biological Sciences and Biotechnology participated in the Indian Arctic Expedition 2023-24 (summer) along with scientists from NCPOR and the Indian Institute of Geomagnetism.

During the expedition, she got an opportunity to interact with Shri D. Senthil Pandiyan, Joint secretary of the Ministry of Earth Science, Govt. Of India, who personally visited the research facility at Ny Alesund.

Congratulations Ms Veda!
