<p>10. The objectives of the Program/ activity/ event</p>	<p>The conference on “Bioentrepreneurship in Microbiology” featured experts whose research has focused on harnessing the potential of microorganisms for providing sustainable and innovative solutions across various sectors such as health, agriculture, engineering and environment. Experts in diverse fields of basic and applied microbiology, involved in the development and commercialization of innovative products, services, or technologies derived from microbiological research have share their insights on the multifaceted role of microbes.</p> <p>To provide insights on how one could convert basic scientific research with entrepreneurial strategies to create new products and services that can address global challenges in various sectors.</p> <p>To provide a platform where the participants will get networking opportunities with industry leaders as well as professionals, exposure to cutting-edge research & innovations where one will learn about the advanced technologies and recent market trends, insights on business and commercialization, skill development, opportunities for industry collaboration and public-private partnership.</p> <p>To expose younger generation to sessions which would definitely be an inspiration & motivation and will also provide platform for the participants to showcase their idea and getting critical feedback from the experts.</p>
<p>11. Description of the Program/activity/event</p>	<p>A two day National Conference on “Bioentrepreneurship in Microbiology’ was organized by the Microbiology Discipline, School of Biological Sciences and Biotechnology, Goa University on 06th & 07th March, 2025.</p> <p>The National conference on Bioentrepreneurship in Microbiology is a perfect platform to encourage good interaction between the experts and participants to understand the opportunities and challenges faced by entrepreneurial microbiologists. <u>Day one, 6th March, 2025</u>, started with Inauguration session. The chief guest of the inaugural function, was honourable vice-chancellor of Goa University, Prof. Harilal B. Menon. The inaugural function was followed by keynote address in session I by Dr. Sangam Kurade, Founder, Zuari Foods & Farms Pvt. Ltd, Goa. Sir gave a very informative talk on “The Future of Fungi-Based Entrepreneurship”.</p> <p>Session 2 was initiated by Dr. R.Ramesh, Principal Scientist, Plant Pathology, ICAR- Sugarcane Breeding Institute, Coimbatore, Tamil Nadu. IndiaSir gave a very informative talk on “Development of bio-formulations for plant health management in the Coastal regions”. & developed Goa Bio-2: Bio formulation.</p> <p>The Resource Person for session 3 was Shri. B. B. Pendkar, Plant pathologist & Director of K-Ferts Lab, manufacturer of Microbial Biofertilizer & Biopesticides, MIDC, Nanded, Maharashtra. Sir delivered a lecture on “Innovation of Microbial Biofertilizers for</p>

Mitigation of Green House Gas -Nitrous Oxide from Agricultural Land”.

Session 4 began with the lecture of was initiated by Dr. Dr. M. V. Deshpande (Former Chief Scientist CSIR-NCL & Founder Director Greenvention Biotech Pvt. Ltd) Pune Maharashtra. Sir gave a very informative talk on “Entrepreneurship: Discover your true north with microorganisms”.

Session 5 was Interactive session from Industry Representatives and Entrepreneurs Mr Rishabh Parkhe, a representative of GeneOmbio -a research and diagnostic company, gave a quick and simple guide through the tests and services provided by the company in genome sequencing, nutragenomics, vetgenomics, GMO testing, cell bank characterization, etc.

Session 6, 7 & 8 constituted of oral presentations, poster presentations and Innoquest presentation.

The presentations were categorised broadly under 4 themes namely,

1. Agriculture Microbiology
2. Environmental Microbiology
3. Food Microbiology
4. Medical and Pharmaceutical Microbiology

A total of 14 abstracts were selected for the oral presentation, 31 for poster presentation and 10 for Innoquest presentation.

Oral presentations were judged by Prof. Sunita Borkar (Dept. of Microbiology, P.E.S's R.S.N College of Arts and Science, Farmagudi, Ponda-Goa, India, 403401), Dr. Sushanta Sapte (Dept. of Microbiology, Government College of Arts, Science and Commerce, Khandola, Marcela, Goa 403107) and Dr. Priya D'costa (Marine Microbiology, School of Earth, Ocean and Atmospheric Sciences (SEOAS) Goa University, Taleigao Plateau-403206, Goa, India 403206).

InnoQuest presentation were judged by Prof. Judith Braganca (Department of Biological Sciences, Birla Institute of Technology and Science Pilani, KK Birla Goa Campus. Zuarinagar, Goa-India-403726), Dr. R. Ramesh (Plant Pathology, ICAR- Sugarcane Breeding Institute, Coimbatore 641 007 Tamil Nadu. India) and Dr. Dharmendra Tiwari (Biotechnology discipline, School of Biological Sciences and Biotechnology (SBSB), Goa University, Goa-403206, India).

Poster presentation were judged by Dr. Gourish Karanjalkar (Goa College of Agriculture Ella Farm Old Goa), Dr Aureen Lemos Godinho e Gomes (Dept. of Microbiology, St. Joseph Vaz College, Church Street, Cortalim-Goa 403710, India), and Dr. Milind M. Naik (Microbiology discipline, School of Biological Sciences and Biotechnology (SBSB), Goa University, Goa-403206, India).

Day two, 7th March, 2025 began with session 9 by Dr. Shrikanth Mutnuri, Professor in Applied Environmental Biotechnology Laboratory, Dept. of Biological Sciences, Birla Institute of Technology

& Science (BITS), Pilani K K Birla, Goa Campus & Director of Bactreat Environmental sol. LLP. Prof. Mutnuri delivered a talk on “Microbiology, Entrepreneurship and wastewater treatment”. Sir showed the potential of microbes in waste treatment and the technology transfer from the laboratory to field.

Session 10 began with a talk by Shri. D S Prashant, CEO Startup and IT Promotion Cell Department of Information Technology, Electronics and Communications, Government of Goa-India. Sir gave an informative talk on “Startup Ecosystem in Goa”. The resource person for **Session 11** was Ms. Sumit Choudhary, Assistant Controller of Patents & Designs, Patent Office, Ministry of Commerce & Industry, Govt. of India, Mumbai. Madam gave a very informative talk on, “Exploring Intellectual Property Rights: Insights and Career Pathways in IPR”.

Session 12 began with a talk by Prof. Rajendra Gad, Senior Professor of Electronics, Vice-Dean, School of Physical and Applied Sciences (SPAS), Goa University. Prof. Gad delivered talk on “Technology Transfer of unmanned palm tree harvesting robot-Flying Cocobot”.

Session 13 began with a talk by Woman entrepreneur Dr. Vanita Prasad, Founder & Director REVY Environmental Solutions Pvt. Ltd. Vadodara, Gujarat. Dr. Vanita spoke on “Importance of Microbial Health in Biogas Digestors”.

In **Session 15** Prof. Sandeep Garg, Senior Professor in Microbiology, SBSB & Director, Directorate of Internships, Incubation and Industry Partnership (DI3P), Goa University spoke on “Goa University Research Park Unit (GURU): Innovation, Incubation and Start-up”.

The Resource person of **Session 16** Shri Solomon Diniz, Managing Director of Adinco Distilleries, Quepem Goa. Shri Solomon gave a very energetic session, motivating the young innovators to take Indian startups to the global scale. He expressed his immense belief in local and traditional technology and urged the researchers to explore the same and mold and innovate them to reach global standards.

Session 17 began with a talk by Dr. Vinithkumar NV (Scientist-F) Marine Biotechnology Division, National Institute of Ocean Technology (NIOT), Ministry of Earth Sciences, Govt. of India, Chennai, Tamil Nadu, India. Marine microbial products and technologies developed by NIOT from coastal and deep sea environment. Dr. Vinithkumar explained about amazing capabilities of marine microbes and the deep sea microbial biotechnology developed at the NIOT institute for industrial application.

The resource person for the final **Session 18** of the conference was Shri. Raghavendra Suryavanshi, Founder of Sustainable Biosolutions (SUSBIO) LLP) Sustainable Biosolutions Pvt. Ltd. Zuarinagar, Goa. Shri. Suryavanshi delivered a talk on “Scaling Microbe-based Wastewater Treatment Technologies: Challenges and Opportunities”.

	<p>The National Conference on “Bioentrepreneurship in Microbiology” ended with Validictory function graced by the presence of Chief Guest Dr. Vinithkumar (Scientist F, NIOT, Tamil Nadu, India) and the guest of honour Prof. M.K. Janarthanam [Chairperson, Goa State Research Foundation (GSRF) & Department of Science & Technology & Waste Management (DST&WM), Govt. of Goa, India]. The welcome note was delivered by Prof Sandeep Garg the Convenor of this National Conference, Vice-Dean Research SBSB, & Director, DI3P, Goa University whereas the concluding address was delivered by Prof. S. Krishnan, senior professor at Botany discipline and Dean of School of Biological Sciences and Bioechnology (SBSB).</p>
<p>12. Benefit/Key outcomes of the Program/activity/event</p>	<ol style="list-style-type: none"> 1. The participants interacted with researchers/scientists and were exposed to advance research carried out in reputed institutes. 2. The participants understood how to start about bioentrepreneurship in Microbiology 3. Students learnt “Development of bio-formulations for plant health management in the Coastal regions” and “manufacturer of Microbial Biofertilizer & Biopesticides” 4. Importance of startups in healthcare and agriculture sector and certain priority areas for commercial ventures. 5. Students interacted with Industry Representatives and Young Entrepreneurs. 6. Students learnt about challenges faced by entrepreneurs and what are the funding opportunities available. 7. Success story of implementing waste water treatment plants and opportunities as entrepreneurs 8. Learnt Current scenario of startups in Goa and India. Facilities and schemes available to aspiring entrepreneurs and encouraged students to come up with innovative solutions to existing problems. 9. IPRs such as patents, trademark, copyrights and geographical indication (GI) and process of filing an IP. career opportunities present in patent office. 10. Learnt insights into market and competitive landscape, commercialization of lab technologies and tech transfer. 11. Learnt future trends in bio entrepreneurship and urging the audience to take the first step towards innovation. 12. How Research Park Unit/incubation centre development is important and how it will help to incubate ideas of budding entrepreneurs 13. Case studies of journey from a budding entrepreneur to the Director of a established company
<p>13. Enclosures with report</p>	<ol style="list-style-type: none"> 1. Geo-tag photos 2. Attendance of the participants 3. Programme schedule of the conference 4. Brochure of the Conference

**Session 1:
Keynote Address by Dr. Sangam Kurade
Founder, Zuari Foods & Farms Pvt. Ltd**

**Title of the Session 1:
The Future of Fungi-Based Entrepreneurship**

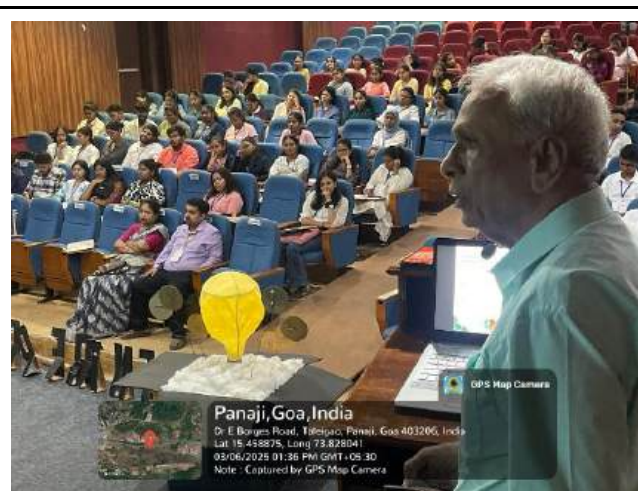

**Session 2:
Dr. R. Ramesh (Principal Scientist & Bio
formulation) Plant Pathology, ICAR- Sugarcane
Breeding Institute, Coimbatore Tamil Nadu.**

**Title of the Session 2:
Development of bio-formulations for plant health
management in the Coastal regions**

Session 3:
Shri B. B. Pendkar (Plant pathologist & Director) K-Ferts Lab, manufacturer of Microbial Biofertilizer & Biopesticides

Title of the Session 3:
Innovation of Microbial Biofertilizers for Mitigation of Green House Gas -Nitrous Oxide from Agricultural Land

Session 4:
Dr. M. V. Deshpande (Former Chief Scientist CSIR-NCL Founder Director Greenvention Biotech Pvt. Ltd)

Title of the Session 4:
Entrepreneurship: Discover your true north with microorganisms

Session 5:
Mr Rishabh Parkhe, a representative of GeneOmbio -a research and diagnostic company

Title of the Session 5:
Interactive session from Industry Representatives and Entrepreneurs

Session 6:
Oral Presentations by Dr. Trelita D'Souza from
St. Xaviers College Mapusa

Oral Presentation by Mr. Sanjay Chavan from
School of Life Sciences, Swami Ramanand
Teerth Marathwada University Nanded
Maharashtra

Session 7 & 14:
Poster Presentations

Judges evaluating the Poster Presentations

Session 8:
InnoQuest Presentations

Participants of the InnoQuest Presentation

Session 9:
Dr. Srikanth Mutnuri (Professor & Director of
Bactreat Environmental sol. LLP)
AEB Laboratory, Dept. of Biological Sciences,
BITS, Pilani K K Birla Goa Campus

Title of the Session 9:
Microbiology, Entrepreneurship and wastewater
treatment

Session 10:
Shri. D S Prashant (CEO, start up promotion
cell) Department of Information Technology,
Electronics and Communications, Govt. of Goa

Title of the Session 10:
Startup Ecosystem in Goa

Session 11:
Ms. Sumit Choudhary (Assistant Controller of
Patents & Designs) Patent Office, Ministry of
Commerce & Industry, Govt. of India, Mumbai

Title of the Session 11:
Exploring Intellectual Property Rights: Insights
and Career Pathways in IPR

Session 12:
Dr. Vanita Prasad “Woman entrepreneur”
(Founder & Director REVY Environmental
Solutions Pvt. Ltd) Vadodara, Gujarat

Title of the Session 12:
Importance of Microbial Health in Biogas
Digestors

Session 13:
Prof. Rajendra Gad (Senior Professor of
