9. No. of external students/faculty/other participants	0			
10. The objectives of the Program/activity/event	The aim of a placement program is to support students in smoothly entering the professional world by offering them interview and job opportunities			
11. Description of the Program/activity/event	A campus placement drive was successfully conducted for the Chemistry students of Goa University on 24 <sup>th</sup> April 2025 by Abbott, a globally renowned company. The event commenced at 10:00 am with an introductory			

	session led by the HR representative of Abbott. She presented an insightful overview of the company's vision, work culture, and the wide range of career opportunities available across various departments.  A total of 43 students participated in the placement process. Post the presentation, the students were divided into three groups to participate in group discussions, where they were evaluated on their communication skills, analytical thinking, and team dynamics.  Based on the performance in the group discussions, 8 students were shortlisted for the next round, which comprised personal interviews with the HR representative. These one-on-one sessions were designed to assess each candidate's suitability, motivation, and alignment with the company's values and roles. After a rigorous selection process, 1 student was finally selected for placement at Abbott. The placement drive concluded successfully at 4:00 pm, marking a day of learning, exposure, and opportunity for the students.  Name of the selected student: Ms. Nilakshi Khedekar.			
12. Benefit/Key outcomes of the Program/activity/event	The event offered students industry exposure, improved their interview skills, and provided real recruitment experience. It facilitated job opportunities, bridging the gap between academics and careers, boosting their confidence and employability.			
13. Enclosures with report	Flyer, Geo-tagged photos and attendance sheet
