SCHOOL OF CHEMICAL SCIENCES (SCS)

Report on NET MOCK TEST held on 21/01/2026

School of Chemical Sciences (SCS) organized NET mock test for MSc part-II chemistry and biochemistry students on 21st January 2026 at 02:00pm in LH-1 classroom in SCS.

This mock test was planned with objective of enhancing interest among part-II Chemistry and Biochemistry student to prepare and appear for NET exam. This Mock Test in general will also familiarize the students about processes of Computer Based Test (CBT).

Registration was invited from Part-II chemistry and Biochemistry students. At the beginning of Mock test, students were welcomed, encouraged and supervised by Program Director (Chemistry) / Test Coordinator Dr Hari K. Kadam and Asst. Prof. Mr. Pranav Valvaikar. General guidelines were informed by Test Coordinator Dr Hari Kadam. At the time of Mock Test, students were shared with online link for Mock test as per facility available on NTA website (<https://www.nta.ac.in/Quiz>). Participants used their own mobile phone and specially dedicated University WiFi Internet to attempt the test in online mode in SCS. Technical support for WiFi facility was provided by Goa University Computer Centre Technician Mr. Paresh Sawant. Students were also motivated by Dean, SCS Prof. V. M. S. Verenkar.

Mock test was attended by 28 students of MSc Part-II chemistry program and biochemistry program. Chemistry students as per their eligibility attempted Mock test in Chemical science subject with 120 questions and Biochemistry students attempted Mock test in Life science

subject with 145 questions. Mock test was available for duration of 2 hours. Since the students were presently pursuing their MSc degree with ongoing subject learning, most of the students could manage to score 20-40 correct answers, while few students could score in range of 10-20 correct answers & very few could manage to score in range of 40-50 correct answers.

At the end of Mock Test, Coordinator thanked all the students for participating in this activity. Technical support from Goa University Computer Centre for smooth conduct of online test in classroom was also acknowledged. Coordinator also thanked Dean, SCS Prof. V. M. S. Vernekar for encouragement in organising this activity.

This mock test gave the students a real time experience of answering NET exam. The questions were as per previous year's NET exams. At the end of the test, the test score was immediately available to the students.

Key outcomes of the event: Participating in this Mock Test has helped the SCS Part-II students to assess their strengths and weaknesses in the subject knowledge and motivated them to prepare and appear for the NET exam. This also helped students to understand various processes of Computer Based Test (CBT).

Brochure, attendance, photos are enclosed with this report.
