Report on "Hands-on Workshop on Attainment of Course Outcomes"

1. Title of the Event/Activity/program	Hands-on Workshop on Attainment of Course Outcomes
2. Date and Time	02 nd July 2025
3. Mode of conduct (Physical/Online)	Physical mode
4. School/ Directorate/ Section	Directorate of Internal Quality Assurance
5. Detail of the Resource Person (Brief biodata)	Dr. Niyan Marchon, Professor, State Higher Education Council, Directorate of Higher Education, Goa
6. Number of Faculty attended/participated	73
7. The objectives of the Program/activity/event	The main objective of the workshop was to enable faculty members to understand and implement the process of defining, mapping, and measuring the attainment of Course Outcomes (COs) in alignment with Program Outcomes (POs) as part of the Outcome-Based Education (OBE) framework.
8. Description of the Program/activity/event	A <i>Hands-on Workshop on Attainment of Course Outcomes</i> was conducted to enhance the understanding and practical implementation of outcome-based education (OBE) among faculty members. The workshop aimed to familiarize participants with methods to map Course Outcomes (COs) with Program

	<p>Outcomes (POs) and to effectively calculate attainment levels using assessment data.</p> <p>Resource persons provided detailed demonstrations and guided participants through hands-on exercises using sample data and templates. The session emphasized the importance of continuous improvement and data-driven evaluation in achieving academic excellence.</p> <p>Faculty members actively participated and appreciated the practical approach of the workshop. The event concluded with an interactive session and feedback from participants, who expressed that the workshop was highly informative and beneficial for improving teaching–learning and evaluation processes.</p>
<p>9. Benefit/Key outcomes of the Program/activity/event</p>	<ul style="list-style-type: none"> • Enhanced understanding of the Outcome-Based Education (OBE) framework and its relevance in curriculum design and assessment. • Improved ability to define measurable and achievable Course Outcomes (COs). • Hands-on experience in mapping COs with Program Outcomes (POs) and Program Specific Outcomes (PSOs). • Better understanding of tools and methods for calculating CO attainment levels using assessment data. • Strengthened capacity for data-driven decision-making and continuous quality improvement in teaching–learning processes.

	<ul style="list-style-type: none"> • Faculty members successfully learned to prepare CO–PO mapping matrices and calculate attainment levels. • Participants gained clarity on direct and indirect assessment methods for evaluating course performance. • Development of a common understanding and standardised approach for documenting CO attainment across departments. • Increased faculty competence in aligning course delivery and assessments with institutional and accreditation requirements.
