

## **Report on the “Colloquy: Two-Day Spoken English Workshop for School Students”**

The Department of English organized a “**Colloquy: Two-Day Spoken English Workshop for School Students**” in collaboration with the **Extra Mural Studies and Extension Services, Goa University**, on **9th and 10th January 2026**. The primary objective of the workshop was to enhance the spoken English skills of school students and to build their confidence in communication through interactive learning methods.

The workshop received an overwhelming response, with **57 students participating from two schools in the state of Goa; Assagao Union High School, Assagao, Goa and New English High School, Keri, Goa**. The program aimed to provide students with a practical platform to improve their pronunciation, vocabulary, fluency, and overall communication abilities in English.

The sessions were conducted by **Ms. Priya Almeida**, who served as the **resource person** for the workshop. She is an experienced trainer in spoken English and communication skills. Through her engaging and student-friendly approach, she created an interactive learning environment that encouraged students to actively participate in various activities.

On the **first day**, the workshop began with an introductory session where the students were introduced to the importance of spoken English in academic and professional contexts. Ms. Almeida conducted several interactive activities such as self-introductions, ice-breaking conversations, pronunciation drills, and vocabulary-building exercises. The students were also guided on the correct usage of common expressions in everyday communication.

The **second day** focused on improving students’ confidence in speaking English in public and group settings. Activities such as role plays, group discussions, dialogue practice, and short presentations were conducted. These activities helped students practice speaking English in real-life situations and encouraged them to overcome hesitation and fear of making mistakes.

Throughout the two-day workshop, the students showed great enthusiasm and actively participated in all the activities. The interactive teaching methods used by the resource person made the sessions lively, engaging, and effective. The workshop successfully created a supportive learning environment where students could practice spoken English freely and confidently.

The workshop proved to be highly beneficial for the participating students. It helped them develop greater confidence in speaking English and improved their communication skills. The positive feedback received from both students and teachers indicates that such workshops play an important role in strengthening language learning at the school level.

The Department of English expresses its sincere gratitude to the **Extra Mural Studies and Extension Services, Goa University**, for their financial support and encouragement in organizing this academic initiative. The department also extends its heartfelt thanks to **Ms. Priya Almeida**, the resource person, for conducting the sessions effectively and inspiring the students.

The Department looks forward to organizing more such outreach programs in the future to support language learning and communication skills among school students.
