6. Detail of the Resource Person (Brief biodata)	Mr. Chaitnya Malik Mrs. Sakshi Malik
7. Number of Faculty attended/participated	Dr Paresh Lingadkar Dr Sujal Naik
8. Number of Student attended / participated	16
9. No. of external students/faculty/other participants	Nil
10. The objectives of the Program/activity/event	The field visit was aimed to provide practical exposure to students about Agro-Ecotourism as well as about Farm-Ecotourism
11. Description of the Program/activity/event	The field visit to the ecotourism destination proved to be a highly enriching and educational experience for the students. The visit provided valuable exposure to sustainable tourism practices aimed at protecting natural resources and local habitats. Experienced guides offered detailed insights

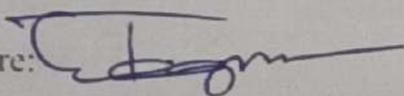

into conservation initiatives and highlighted the significance of biodiversity preservation. At Dr Malik Experiential Retreat, students actively participated in eco-friendly activities such as nature trails, spice plantation visits, and guided walks, which enhanced their understanding and appreciation of the natural environment. The destination also demonstrated how ecotourism contributes to community development by supporting local livelihoods through eco-conscious enterprises and employment opportunities. Overall, the field trip successfully combined learning with experiential engagement, inspiring students to develop greater environmental awareness and responsibility toward sustainable tourism practices.

**12. Benefit/Key outcomes of the Program/activity/event**

- Students gained comprehensive knowledge about various dimensions of Agro-Ecotourism and understood the importance and functioning of Farm-based Ecotourism as a sustainable tourism model.
- Mrs. Sakshi Malik conducted an informative orientation session covering practical aspects such as plant grafting techniques, animal husbandry practices, and farm management systems involving pigs, goats, cows, buffaloes, poultry, and egg production.
- Students were introduced to hybrid rice cultivation, different crop varieties, and modern agricultural practices adopted at the farm.
- Exposure was provided to aquaculture practices, including the establishment and management of fisheries, helping students understand integrated farming systems.
- Mr. Chaitnya Malik explained the cultivation of various spice crops, highlighting plantation methods, economic value, and the medicinal uses of locally grown spices.

	<ul style="list-style-type: none"> <li>• The tractor ride to the Gaushala offered students experiential learning about livestock care and farm operations in a real-time rural setting.</li> <li>• The visit also enabled students to observe how agro-ecotourism destinations attract a large number of tourists daily, demonstrating their growing popularity and contribution to rural tourism development and local livelihoods.</li> </ul>
