P R E F A C E

I have great pleasure in presenting to you the 23rd Annual Report of Goa University for the academic year 2007-08.

This Annual Report is presented in six parts comprising I – University Authorities and Boards, II – University Departments, Centres and Programmes, III – Achievements of the University Faculty, IV – General Administration, V – Affiliated Colleges, and VI – Recognized Institutions. The academic activities continued to strengthen various on going programme in the last year. A couple of new long term projects to be funded by the UGC were initiated during this period. Many of the colleges enhanced their infrastructure and quality of academic programmes. The number of technical, scientific and social science related seminars, conferences and workshops were successfully conducted by the affiliated colleges. On the sports side, the University hosted the Zonal Inter University Football Championship Tournament.

The Twentieth Annual Convocation of Goa University was held on December 28, 2007 and was graced by Hon'ble Prime Minister of India, Dr. Manmohan Singh as the Chief Guest. Sushree Lata Mangeskar and Dr. Anil Kakodkar were conferred Honorary D.Litt. Degrees by H.E. Shri S. C. Jamir, Hon'ble Governor of Goa and Chancellor, Goa University.

The various campus activities took new shape and attempts have been made to enhance the interactions between the University and people of Goa at various fronts. The State Government continued to nurture, support and encourage the University. It was at the behest of the State Government the University could positively contribute in formulating the State Education Policy. The University also received financial support from various National Agencies including the UGC under various schemes and plans. The learned members of the Executive Council, the Academic Council, Court, Planning Board, Finance Committee and other bodies of the University have been playing a very important role in achieving success and progress in various areas by the University during the period of this report.

I would like to record my deep appreciation and acknowledgment towards the cooperation and contributions of all the teaching and non-teaching staff members and students towards the achievement and progress of the University during the year 2007-08.

Prof. Dileep N. Deobagkar
Vice Chancellor

INTRODUCTION

Established in the year 1985 around the nucleus of Centre for Post Graduate Instruction and Research of the University of Bombay in Goa, Goa University is now treading the path of growth. This is amply reflected in the growth of its infrastructure, introduction of new courses with a dynamic curriculum, increase in the number of affiliated colleges and recognised institutes, and focus on research. This Annual Report makes an attempt to reflect the various facets of academic and co-curricular activities at the University and at the affiliated colleges.

The format of the Annual Report has undergone a change since last year, with a conscious attempt to focus on the achievements in a precise manner, as per the guidelines of University Court. Our Vice Chancellor Prof. Dileep N. Deobagkar has shown keen interest in this publication and has inspired the Editorial Committee with his valuable inputs in presenting this Annual Report in a concise and reader-friendly format.

The University departments and constituent colleges have submitted the relevant information for the Annual Report mostly in electronic format, which has saved considerable time and helped the team to concentrate on editing and layout. The compilation of the reports and layout has been deftly handled by the Publication Unit of the University.

The Committee would like to thank all those who have contributed in the publication of this Annual Report.

Department of French

Faculty

E. M. Furtado, Ph. D., Lecturer (S. S.), (French & Francophone, Literature, French-Canadian Studies and Culture Studies with special reference to Goa).
A. Wagle, Ph. D., Lecturer (S. S.) (Translation and Interpretation Linguistics & Methodology of Teaching French)

Visiting Faculty

Thibaut Lemarchand, M. A., Tutor, (Methodology of Teaching French, African Literature).
Marise D'Lima, M. A., (French for Hotel & Tourism Industry, Translation).
Chiara Luzzolini, M. A., (Language Teaching).

Highlights of major thrust areas of research and achievements:

The Department of French and Francophone Studies has the unique advantage of offering interdisciplinary programmes that are innovative and utility oriented. The study programmes offer a balanced proportion of major thrust areas of Literature, Translation, Methodology, Functional French, Language Proficiency and Cultural Studies. These components prepare students for the job market in one or more fields.

The Department has developed in the area of Francophone Canadian Studies and the Colonial Encounter, going as far as including Goan post-colonial literature written in English and French with the Francophone world as the point of reference.

It has also been working towards diffusion of Translation Studies, which have been given a major thrust in recent years. Students are increasingly aware of the usefulness and the job opportunities available in the world of Translation Studies.

The Department holds Language courses for institutions such as the Academy for Culinary Science (Cidade de Goa) as part of their diplomas. The Faculty of the Department of French and Francophone Studies has also been requested by the Goa Board of Secondary and Higher Secondary Education to lend its expertise to the French Textbook Project for Secondary and Higher Secondary schools so as to introduce new and innovative ways of teaching the language. The book for Std. VIII is already in use and the second book (Std IX) is now underway.

The Department of French, in collaboration with the French Embassy, has availed the services of a Tutor in French who is deputed for one academic year by the Embassy of France. The second Tutor is currently working in the Department. Similarly, under the Exchange programme instituted in collaboration with the Embassy of France, three students from the Department of French have been selected in 2008 for a one year programme of teaching in France.

The Department has also been selected from among other Indian Universities to sign an MOU with the French University of Paris - Sorbonne IV.

Visiting Scholars

M. Stassen, John Hopkins University, Washington, USA, "France under Sarkozy", 5th Jan., 08.

M. Desai Gass, Sorbonne, Paris, "French Literature", 10th Oct., 07.

Ongoing Projects / completed during June, 07 – May, 08:

E. Melo Furtado and Anuradha Wagle, Textbook for Std VIII, 2005, two years, completed, Goa Board of Secondary and Higher Secondary Education, Rs. 10,000/-.

Anuradha Wagle and Edith Melo Furtado, Textbook for Std IX, Apr., 08, one year, Goa Board of Sec. and Higher Secondary Education, Rs. 10,000/-.

Other Information

A. Wagle was invited to participate, with full sponsorship, in an International Conference in Paris organized by the International Centre for Pedagogical Studies (CIEP) in Paris (France). She presented a paper and was selected to participate in a television programme on TV 5 "Merci Professeur".

Special achievements by students/staff.

Three students from the Department - Alison Lobo, Doreen Alvares and Claire Miranda were selected for the French Government Assistantship Programme for one year in France.

Doreen Alvares won the "Miss Plateaunica" title at Plateaunica held in Feb., 08; also won the 2nd Prize in the Goa University Singing Competition and the First Prize in the Flower Arrangement Competition at the Plateaunica.

Department of Portuguese

Faculty

Mendonça, Délio, Temporary Lecturer, In charge

Da Silva, Delfim C., Visiting Lecturer

Barreto, Maria do Céu, Visiting Lecturer

Highlights of major thrust areas of research and achievements

The Department of Portuguese of the Goa University, the only one in the country, is oriented towards promoting knowledge related to the Portuguese language and culture through its several courses and activities that cover the professional and cultural spectra.

In collaboration with the Centro de Língua Portuguesa / Instituto Camões, Panaji, the Department organized several talks and exhibitions. Some of them were sponsored by the Calouste Gulbenkian Foundation.

Other Information

Talks: A series of talks on "Diaspora and Literature" by Portuguese Scholars

Armada e Navios Portugueses no Século XX – by Adelino Rodrigues da Costa

Influências Orientais na Arquitectura Portuguesa – by Paulo Varela Gomes

African Writers in Portuguese – by Hugo Nicolau

African Literature written in Portuguese: A Personal Insight – by Mia Couto

Exhibitions: New Books in Portuguese Language, Viagens pela India with paintings relating to India, Portugal in the Sea – boats, ships and oceans in the XXth century, Cultural Expressions in Portugal, African writers writing in Portuguese language, A glance at Indo-Portuguese architecture, Portugal: World Heritage, Indo-Portuguese Sacred Art. A collection from the Xavier Museum in collaboration with Xavier Centre of Historical Research.

Other Activities: The Department supervised and guided the teachers teaching Portuguese at the college level.

The Department collaborated with the Goa Board of Secondary and Higher Secondary Education. In this context workshops for Teachers of Portuguese language were organized in 2007- 08 in collaboration with the CLP / Instituto Camões, Panaji.

Scholarships: The six students who completed the MA course in 2008 were awarded scholarships by the Fundação Calouste Gulbenkian, Instituto Camões and Fundação Oriente to do a one month course in Didactics of Portuguese Language at the University of Lisbon, Portugal. A faculty member of the Department of Portuguese, Goa University, coordinated and guided the students in Portugal.

Department of Philosophy

Faculty

A. V. Afonso, Ph. D., Professor (Philosophy of Science, Philosophy of Religion).

S. D. Pai Vernekar, Ph. D., Reader (Meta-Ethics, Logic).

U. A. Vinay Kumar, Ph. D., Reader (Indian Philosophy, Indian Logic and Linguistic Philosophy).

M. Desai, Ph. D., Reader, (Philosophy of Science).

K. Tharakan, Ph. D., Lecturer (S.S.) (Philosophy of Social Sciences, Phenomenology).

Highlights of major thrust areas of research and achievements

A. V. Afonso: Engaged in research in the area of 'Hermeneutics as a method in philosophy' as part of the project on Modes of Philosophical Reasoning.

- S. D. Pai Vernekar: Engaged in research on "Sri Aurobindo and the process of Spiritualisation in politics" and is completing a research paper on the same.
- U. A. Vinay Kumar: Engaged in research on "Yoga Systems of Philosophy: General Practice and Synthesis". He is also preparing a monograph on "General Theory of Purusharthas".
- M. Desai: Engaged in research on "Scientific Basis of Mantras". Is also presently engaged in study of "Philosophy of Science and Commensurability Thesis".
- K. Tharakan: Focused his research on the area of Ethics and in that context is completing a research paper on the "Ethics of Silence".

Department of Political Science

Faculty

- A. Fernandes, Ph.D., Reader & Head (Public Administration, Constitutional Government, Panchayat Raj).
- R. Tripathi, Ph. D., Lecturer (International Political Economy, South Asia).

Visiting Faculty

- Adi H. Doctor, Ph. D., Lecturer (Political Theory, Modern Indian Political Thought).

Highlights of major thrust areas of research and achievements

The faculty has researched and published in the subject domain of Public Policy, Comparative Studies on India-Japan, India in the South Asian regional context. Good governance and Democracy has also been a core area of engagement. Group Rights, Human Rights and Religion and Government and Politics of France have been other areas that have been explored as extension of the core areas.

The one semester Certificate Course in Human Rights, now in its second year, was conducted with syllabi focus on theoretical aspects, international conventions, national instruments and their multi-level implications. Cross sections of students participated and completed the course.

Highlights of major thrust areas of research and achievements

Goa is the thrust area for the research activities of the Department. The various areas of interest for the faculty are: migration and diaspora, development studies, sociology of food, language issues, colonial and post-colonial constructions of village, comparative post-coloniality and tourism. Field based studies on Goa are encouraged for MA dissertations. The organization of an annual Research Methodology training camp is aimed at equipping the students with research methods prior to their dissertation work. The Department also encourages researchers from other institutions to use the Departmental resources in mutually enriching exchanges.

A. Gangopadhyay, M. Phil, Lecturer (S.S.) (Latin American Studies, International Studies).

Temporary Faculty

D. D. Parulekar, M.A., Lecturer, (US Foreign Policy and International Organisations).

Highlights of major thrust areas of research and achievements

The UGC Centre for Area Studies has identified International Relations and Latin American Studies as major thrust areas. However, the Centre also evinces keen interest in developing expertise in the area of Indian Diaspora particularly in relation to Latin America and the Carribean. From the period June 2007 to May 2008, the faculty of the Centre had been actively engaged in research, teaching and in review work. The faculty had been presenting papers at national and international conferences, giving lectures and publishing in national and international journals.

Centre for Women's Studies

S. Desouza, M. A., Research Officer (Gender Studies, Health and Rights/Organising for change).

Highlights of major thrust areas of research and achievements

The CWS continues to be committed to the National Agenda of Women's Empowerment through teaching, training, research, documentation and extension work.

The Centre has a vision to expand into an Advanced Centre for Women's Studies and a proposal for the same is being processed by the Government of Goa. The Centre hopes to reach out to a wider cross section of the Goan society and include a variety of empowerment programmes such as training of women grassroot leaders, women entrepreneurship training, etc., as well as expand the research and extension work highlighting women's concerns in Goa. The Centre hopes to develop courses in order to facilitate the incorporation of Women's Studies in all subjects at the undergraduate and postgraduate level as per UGC requirement.

The Centre has well-established links both with the Government as well as Non Government agencies working for empowerment of women and works closely with the Goa State Women's Commission. The CWS has been a resource centre which has served Government agencies, students and several NGO's working for women and on women related projects.

The CWS was awarded a UGC Major Research 2 year project on 'Development, Tourism and Nutritional Transition in Goa' (Project Period 7th Apr., 09).

The Research Officer, Centre for Women's Studies (CWS), Goa University was appointed as a Member of the Goa State Commission for Women (three year term) on the 11th Dec., 06.

Areas of Thrust

(1) Reaching out to wider society in Goa. (2) Placing local issues concerning women on the National Agenda. (3) Developing the teaching agenda of the Centre.

Sponsored Research Projects sanctioned between June, 07 and May, 2008:

One ongoing University Grants Commission major project.

Other Information

Special achievement by students/staff

S. Desouza was invited to give lectures on (1) 'Empowerment of Women' at the DMC College, Mapusa, on the 18th Jan., 08; (2) 'Human Rights and Women' on the occasion of World Human Rights Day on 10th Dec., 07 at the Goa College of Home Science; (3) 'Status of Women in Goa' on 28th Aug., 07 at the S S Dempo College of Commerce and Economics; (4) 'Gandhi's view about women' on the occasion of Hutatma's Day celebrated in Goa College of Home Science on 16th Jan., 08.

Extension Activities:

(1) Member, Goa State Commission for Women, Government of Goa. (2) Trustee of ACDIL School, Porvorim and the Community Development Division.

S. Torras, M.Sc., Lecturer (Organic Chemistry).
S. Girkar, M.Sc., Lecturer (Organic Chemistry).
P. Bidye, M.Sc., Lecturer (Physical Chemistry).

Highlights of major thrust areas of research and achievements

The Department of Chemistry conducts research in the following thrust areas:

1. Newer methods of Chemical Synthesis of Inorganic and Organic Materials.
2. Solid State Chemistry & Catalysis
3. Electrochemistry
4. Synthesis of Natural Products and Polymers.
5. Green Chemical Processes
6. Synthesis & Applications of Nanomaterials

During the year 2007-08, the faculty members published 24 papers in SCI journals and 30 presentations in various conferences. It is noteworthy that > 90% of the research work is published in international journals/forums.

Some of the specific research achievements of the Department are listed below:

Collaborative research between Goa University and Washington University in St. Louis, USA, under the UGC-SAP International Collaboration Program on the synthesis and characterization of nanosize metal oxides has been initiated. Work has been carried on magnetic nano iron oxide and Al_2O_3 , during the two visits.

The faculty members of this department have been involved in following activities:

- a) Investigations on metal ion absorption on hydrous manganese oxides.
- b) Preparation of nano material based active catalysts for carbon monoxide detoxification and metal organic type semiconductors for photo-degradation of azo dyes.
- c) Synthesis and characterization of coordination polymers of alkaline-earths.
- d) Development of an efficient two-step general procedure for the synthesis of Avenanthramides.
- e) Development of a convenient method for organic synthesis through Domino Wittig Diels-Alder reaction
- f) Synthesis of new monomers and poly (sulphite-co-carbonate) polymers and successfully tested them as solid state nuclear track detectors.
- g) Development of newer protocols for electroless plating baths.
- h) Designed improved synthetic strategies to obtain nanosize titania.

The department is funded by the UGC under the Special Assistance Program (SAP) since 2002 and also funded by Department of Science & Technology (DST), New Delhi, under infrastructure program FIST since 2003, with a combined total grant of about 70 lakhs for a period of 5 years. The grants have been utilized to procure X-Ray Diffractometer, UV-VIS and FTIR spectrophotometers and to develop a Computational Chemistry Lab.

P. R. Rao, Design Implementation & Extension of Data Mining Techniques for semi structured data and their applicability, 1st Aug. 2006 (2 years), AICTE, Rs. 7 lakhs.
V. V. Kamat, Project PGDCET to train 550 computer teachers in schools in collaboration with the CLP, Govt. of Goa, Rs. 1.30 cr.
Jyoti Pawar, Design & Implementation of a S/W package for Efficient Data Mining in high dimensional data sets using attribute (column) based storage representation, 27th Aug., 07, 2 years, AICTE, Rs. 5.7 lakhs.

Ongoing Projects / completed during 7th June, 07 – May, 08

V. V. Kamat, Framework for authoring tools using instruction design, Mar., 2005, AICTE (3 years), Rs. 3.50 lakhs.

Other Information

Special achievement by students/staff

In the MCA batch which passed out in the academic year 2007-2008, 25 students out of 29 were placed in the campus recruitment.

V. V. Kamat was invited to record lectures on Information Security by Belgium based company Vasco in a professional studio in Utah, USA, 7th -11th Apr., 08.

Department of Earth Sciences

Faculty

A. G. Dessai, Ph. D., Prof. and Head (Igneous Petrology, Economic Geology).
K. Mahender, Ph. D., Reader (Sedimentology, GIS, Petroleum Geology).
T. A. Vishwanath, Ph. D., Reader (Geochemistry, Metamorphic & Igneous Petrology).
A. G. Chachadi, Ph. D. Reader (Groundwater, Environmental and Exploration Geophysics).
A. A. A. Viegas, Ph. D., Lecturer (S.S.) (Igneous Petrology, Remote Sensing).

Highlights of major thrust areas of research and achievements

The department has been actively pursuing research in the following thrust areas:

1. Understanding the lithological composition and thermal structure of the deep crust beneath peninsular India. During the period under review the secular variations in the thermal structure of the western Dharwar craton and its distinction from the adjoining cratons of the peninsular India during the Proterozoic has been fairly well established.
2. Coastal ground water pollution and management, rainwater pollution and management, rainwater harvesting, drinking water problems in mining areas. In this regard the department has provided technical know-how in management of ground water, establishing techno-demonstration rainwater harvesting and groundwater recharge structures on the campus.
3. Petrology, diagenesis and palaeoenvironmental studies of the Proterozoic and Jurassic sedimentary sequences of Kaladgi and Kachchh Basins. Research in this field has brought to light the similarities and the variability in sedimentological history of these two spatially proximal and temporally distinctive basins.
4. Orogeny and Neotectonism in Sediment, drainage and landforms- Sivok-Rangpo Transect in the Himalayas. This work could broadly outline the geological architecture along this Himalayan corridor.
5. Studies on lateritic profiles from parts of Goa. The study has led to better understanding of the hydraulic characters as unconfirmed aquifers. With further geohydrological inputs from more areas the department proposes to devise a statistical tool that could be of use in the exploration and exploitation of groundwater resources of the state.

Sponsored Research Projects sanctioned during the June, 06 to May, 07

K. Mahender, Field Guide on Sedimentary Facies of Kutch Basin, May 07, DST, New Delhi, Rs.7,47,000/

Ongoing Projects / completed during June 2007 – May, 08

Electronics Division

G. M. Naik, Ph. D, Prof. & Head (Opto-Electronics).

R. S. Gad, M. Sc., Lecturer (S.S.) (Biomedical Electronics).

Highlights of major thrust areas of research and achievements

1. Detailed magnetization measurements on $\text{Ni}_{50}\text{Mn}_{35}\text{In}_{15}$ to study the magnetic interactions at play in the martensitic phase.
2. A detailed study of magnetic properties of $\text{LaSrCo}_{1+x}\text{Ru}_{1-x}\text{O}_6$ double perovskites ($0 < x < 0.4$) making use of facilities at TIFR, Mumbai.
3. Low temperature infrared absorption studies on variety of manganites exhibiting colossal magnetoresistance (CMR) and charge ordering phenomena. Effect of aliovalent substitution at the Mn site on the CMR properties was also studied.
4. Coating microspheres of silica.
5. Study of bosonic ladder with two coupled chains using the finite size density matrix renormalisation group method.
6. Study of quantum phase transitions in a two component bose-mixture in a one-dimensional optical lattice.
7. Generalization of the mean-field theory for the spinless Bose-Hubbard model to account for the different types of superfluid phases that can arise in the spin-1 case.

University Science Instrumentation Centre (USIC)

Faculty

G. M. Naik, Ph. D., Professor & Head (Optoelectronics).

Highlights of major thrust areas of research and achievements

University Science Instrumentation Center is basically a service unit which also deals with consultancy, design and development works. The Center houses three workshops for Mechanical, Electronics, and Glass Blowing. All three workshops are equipped with adequate equipments, machinery and instruments for handling various design needs of the University user departments. Trained staff maintains the workshops and provide services to user departments in respective trade. Apart from service and maintenance, the Center contributes in the development of basic infrastructure of the University such as Campus telephone service, DEITI, University Education Consortium Receiving Station, Digital Library Program & Network, etc. The center also organizes Seminars and Workshops in the areas of Instrumentation, Computer Maintenance, Embedded Systems, etc.

Ongoing Projects / completed during June 2007 - May 2008

G. M. Naik, Non Invasive Glucometer, 1st Sept., 05, three years, Rs. 9,15,000/-.

Other Information

Successfully completed the state of the art project " Project DIGITAP" commissioning of Electronics Data sheets for the maintenance of advanced aircraft SEA HARRIER.

V. M. Matta, Ph. D., Reader (Marine Chemistry, Environmental Pollution, Seaweed Chemistry).
Aftab Can, Ph. D., Lecturer (S.S.) (Satellite Meteorology and Oceanography, Physical Oceanography, Marine Meteorology).

Highlights of major thrust areas of research and achievements

Physical Oceanography: Optical Remote Sensing, Marine Optics, Generation of inherent and apparent optical properties, Algorithm development for retrieval of colour components from optically complex case II waters – coastal and estuarine waters, Radiative transfer modeling of visible spectrum of electromagnetic radiation, Identification of perennial source CO₂ through optical remote sensing, Atmospheric optics, Aerosol characterization. Effect of aerosol on climate, Aerosol radioactive forcing, Atmospheric correction of ocean colour monitor and MODIS data, Synoptic analysis of aerosol through satellite data. Satellite Oceanography and meteorology, Air–sea interaction and genesis of water masses, ocean circulation.

Marine Chemistry: Biogeochemical cycling of nutrients and trace metals in estuaries and adjoining coastal waters, Process of transfer of elements from dissolved to particulate fraction, Impact of pollutants (mining, sewage and industrial) on water quality, sediment composition and biota in estuaries and adjoining coastal waters, specialization of some minor elements to understand dominant fraction of the total element. Sorption modeling of traces metals.

Marine Biology: Marine demersal fish biodiversity assessment, Community structure, Tropic dynamics and ecosystem function, Database and Photodocumentation of demersal fish communities in coastal waters.

Marine Geology: Coastal and estuarine sediment characterization, Coastal morphology and dynamics, Coastal zone management, Impact of mining on lacustrine and estuarine sedimentary environment - suspended and bed-load sediments, Geochemistry of lacustrine and estuarine sediments and tidal / mudflat sedimentary environment, Speciation of elements in estuarine sediments and bioavailability of metals, Magnetic susceptibility of estuarine and mudflat sediments, Suspended matter and its chemistry of Southern Ocean, Environment assessment studies of estuaries and lakes, Reading pollution history through mudflat studies.

Sponsored Research Projects sanctioned between June, 07 & May, 08

G. N. Nayak, Reading pollution history, paleoclimate and sea level changes from the study of mudflats Central West Coast of India, Oct., 2007; three years, Ministry of Earth Sciences, Govt. of India, New Delhi, Rs. 51,75,000/- with one RA and three JRFs.

Temporary Faculty

N. Singh, Ph. D., Lecturer

Highlights of major thrust areas of research and achievements

Thrust areas

- Study of agarases and other commercially important enzymes from marine bacteria.
- Biotechnological degradation of oil spills and tar balls by means of selective marine microbial consortia developed for marine pollution control.
- Establishment of methods to study the risk assessment of recombinant DNA in controlled marine conditions.
- Biotechnologically important proteases and xylanases from coastal and deep sea bacterial and fungal isolates.
- Extraction of toxins and lectins from marine organisms; Alkaloids of medicinal value from plants.
- RAPD of sea weeds.
- Study of sulphur reducing bacteria from hypersaline environment.
-

Bioactive compounds from salterns.

Lipases and proteases from Thraustochytrids.

Bioremediation of heavy metals using Hypersaline organisms.

Achievements

Pseudomonas has been identified as one of the promising agarolytic strains on the basis of 16s rDNA sequencing. The agarase enzyme from *Microbulbiter* strain CMC-5 has been purified and biochemical characterization of purified enzymes has been achieved. Applications of agarase enzyme have been studied.

Studies on biomolecules from *Ulva fasciata* have indicated that it could be used as a potential nutraceutical source in food industry. Microbial communities associated with *Ulva fasciata* thalli have been isolated and studied and the possible role of seaweed lectin in algal-microbial association has been looked into.

Success has been achieved in application of marine microorganisms in cleaning / destruction of tar balls. The mixed marine microbial cultures were employed to clean up tar balls in the circulatory marine microcosms under simulated conditions created in the laboratory.

Investigations on bacterial alkaline proteases have been continued. Partial purification of xylanases from *A. niger* has been achieved. Commercially useful lipases and proteases have been purified from Thraustochytrid protists. Studies are ongoing on antimicrobial peptide activity from/on marine organisms.

Production of bioactive compounds by hypersaline bacteria and actinomycetes has been studied. Applications of hypersaline and marine sulphate reducing bacteria in bioremediation of heavy metals from marine salterns are also being studied. A comparative analysis of the stability of iodine in refined and natural salts and studies on bacteria producing IAA from marine biofilms have been carried out.

S. Garg, Ph. D., Lecturer (S.S.) (Industrial and Medical Microbiology, Fermentation Technology, Industrial enzymes, Biopolymers, Biofertilisers, Immunology, Biostatistics and Biomathematics).

Highlights of major thrust areas of research and achievements

Thrust area

Microbial diversity of coastal, marine and extreme ecosystems.

Microbial-remediation of metals, organometals, organic aliphatic and aromatic pollutants; biosorption of heavy metals.

Bioprospecting for the enzymes, bioplastic, exopolysaccharide, bioactive compounds, pigments, biosorps and plant growth promoting metabolites.

Process development for enzyme, pigment and bioplastic.

Microbial inoculants for applications in crop cultivation and forest restoration.

Achievements

Department has received UGC grant for Advanced PG Diploma (Marine Microbiology and Technology) under the scheme "Innovative and emerging areas". Support includes setting up facility for isolation, cultivation and maintenance of anaerobic microbial cultures (2005-10).

Department has received DST grant for setting up "Computation Network" and Instrument facilities under FIST scheme (2006-11).

2.7 INNOVATIVE PROGRAMMES

(i) Research & Development and Resources Mobilisation Cell (RDRM)

At Goa University research is funded through two sources. Ministry of Education, Government of Goa and Research Projects and Consultancies.

The State Government funds post graduate and doctorate instructions at the University. Research and Development Projects and consultancies handled by faculty members are funded by various organizations such as Council of Scientific and Industrial Research (CSIR), Department of Science & Technology (DST), University Grants Commission (UGC), Ministry of Earth Sciences (MES), Indian National Centre for Ocean Information Services (INCOIS) Hyderabad, Atomic Energy Regulatory Board (AERB), Department of Biotechnology (DBT), All India Council for Technical Education (AICTE), Department of Science, Technology & Environment, Goa (GSCST), Ministry of Environment and Forests (MEF), CIBA, South Asian Network for Development and Environmental Economics (SANDEE), ISRO, Naval Research Board, DPSE etc. In addition, Science Departments of the University receive research grants under Special Assistance Programme (SAP) of UGC and Funds for Infrastructure in Science and Technology (FIST) of DST. OSTC (Ocean Science and Technology Cell) attached to the Department of Microbiology receives a special grant from MES (Ministry of Earth Science) for its research activities every year.

In the year 2007-08, 26 projects were sanctioned to the Departments of Chemistry, Physics, Botany, Microbiology, Marine Science, Biotechnology, Geology, Zoology, CWS, Political Science, History and Hindi. The total grants received from various funding agencies during this year amounted to Rs. 21,57,8,057.

(ii) Remote Sensing Laboratory (RSL)

Remote Sensing Laboratory has been established with financial assistance from Indian Space Research Organization (ISRO). The facilities of the laboratory include hardware consisting of server and four nodes and software necessary for image processing. Image processing package such as ERDAS IMAGINE has been procured. An interdisciplinary course has been introduced across the different faculties where remote sensing technique has application. This Laboratory provides hands-on training to students who opt for interdisciplinary course on remote sensing and research and thus cater to the country's need for trained manpower in this field. At present there are ongoing projects worth Rs. 2 crore funded by different agencies like Naval Research Board, Space Applications Centre, ISRO, Space Physics Laboratory of VSSC, ISRO and Indian National Centre for Ocean Information Service of Ministry of Earth Science, Delhi. All these projects are carried out by the Department of Marine Sciences.

(iii) Ocean & Atmospheric Science and Technology Cell (OASTC)

The Ministry of Earth Sciences (MoES) supports basic and applied research in Ocean and Atmospheric Science and Technology in Universities through establishment of Ocean and Atmospheric Science and Technology Cell (OASTCs). This includes establishment of local specific OASTCs catering to the entire spectrum of ocean related research and setting up of Centre of Excellence in a particular field of Ocean Science or Atmospheric Science and Technology to pursue more projects.

Nine local specific OASTCs have been set up in different institutions of the country that take up projects submitted by Universities, national laboratories and Indian Institutes of Technology, etc. Goa University has been identified to set up one such local specific OASTC covering approximate 200 kms. around Goa.

The objectives of the cell are to strengthen academic and scientific work in the area of Ocean Sciences and to recommend and monitor the progress of research projects received from different universities, institutions around the western region of the country in the area of Ocean Sciences. The cell functions under the guidance of the Management Board constituted by Ministry of Earth Sciences with Vice Chancellor, Goa University as the Chairperson and Research Coordinator, OASTC, as Member Secretary. The MB meets atleast thrice a year to discuss, guide and direct the activities of the cell. During the period June 2007-May 2008 three meetings were held.

Workshops: Three workshops were held during the period of report June 2007-May 2008.

The progress and achievements of the projects funded by MoES were reviewed by the Expert Committee on 7th June, 07, 5th Oct., 07, and 28th May, 08.

Projects completed in March 2008

1. "Anoxygenic phototrophic bacterial diversity of marine ecosystems and their capability to degrade aromatic compounds" - (2005-2008) Ch. Venkata Ramana.
2. "Collection, evaluation and documentation of *Streptomyces* belonging to Bhitarkanika mangrove ecosystem of Orissa" - (2005-2008) Nibha Gupta.

Ongoing Projects

1. "Molecular biology of marine cyanobacteria with reference to biodiversity, taxonomy and establishment of molecular data bank." (2006-2009) Dr. N. Thajuddin.
2. Impact of anthropogenic input on bacteria and Fungi in the innershelf of Bay of Bengal off Chennai, Tamilnadu." - (2006-2009) V. Kannan.

New Projects sanctioned

During this period seven new proposals were received. Five P.I.s presented the project proposals and three have been recommended for funding:

- a) "Gentoxicity studies on field populations of commercially important fin fishes and shellfishes of Central West Coast of India." (P.I. - S. K. Shyama)
- b) "Studies on phosphate solubilizing halophiles and alkaliphiles from marine and coastal ecosystems as potential biofertilizers for saline soils." (P.I. - Sunita Borkar)
- c) "Biological synthesis of metal sulfide and metallic nanoparticles using halophilic Archaeobacteria." (P.I. - Meenal Kowshik)

Centre of Excellence in Marine Microbiology

Goa University has established a Centre of Excellence (CoE) in Marine Microbiology supported by the Ministry of Earth Sciences.

The objective of the Centre is to strengthen academic and scientific work in the area of Marine Microbiology supporting projects in this area through funding from the Ministry of Earth Sciences and functions under the guidance of the Management Board constituted by Ministry of Earth Sciences with Vice Chancellor, Goa University as the Chairperson.

In-house projects

- G. N. Nayak, Marine Science, Ratnaprabha Siraswar, Impact of mining on different components of estuarine ecosystem and role of biota in removal of metals from water.
- Savita Kerkar, Biotechnology, Kuldeep Attri, Biosorption of metals for bioremediation of waters used in salt farming.
- Sandeep Garg, Microbiology, Pramoda Kumar Nayak, Production polyhydroxyal- kanoates using marine bacteria.
- Sarita Nazareth, Microbiology, Akshya Bicholkar, Biosorption of metals for bioremediation of waters used in salt farming.
- Irene Furtado, Microbiology, Study of biosorption of Fe/Mn by marine microbes and possibility of reducing nano particles.
- Saroj Bhosle, Microbiology, Teja Gaonkar, Siderophore producing bacteria from marine and coastal ecosystems.

(iv) Distance Education, Information & Training Infrastructure (DEITI)

During 2007- 08, the DEITI was fully engaged in producing educational programmes on various subjects which were telecast through its dedicated satellite link to its 22 DRS centres located in selected colleges and higher secondary schools of the state of Goa.

The expertise and the infrastructure of DEITI were successfully used to conduct a workshop on Basic Videography.

Satellite downlink facility of DEITI was used by doctors' association for national level teleconferencing which was attended by many reputed doctors in the state. The DEITI has produced musical audio CDs for one of its affiliated colleges. DEITI conducted several workshops for the participants of Academic Staff College to develop e-learning contents. It also conducted training on camera handling, video editing for the students of Mass Communication from the affiliated colleges. DEITI studio facilities were extended on hire to various private parties for production of documentary, panel discussion, dance, music shows,

TV serials etc. Various programmes/events on or off the campus like Seminars, Workshops, Convocation, Science Open Day, Foundation Day etc. were recorded by DEITI.

(v) Study India Programme

The Study India Programme, in the fifth year of its inception, enrolled eleven students, the maximum number so far, from College of International Relations, Nihon University, Mishima, Japan. The five month exchange programme provided extensive exposure to the students in English Communication, Indian Philosophy, Culture, History, Society, Polity, Economy and Management. The students also received inputs through brief sessions at Goa College of Music, Goa College of Art and College of Home Science. They were taken for a study cum cultural tour to Mumbai, Delhi, Agra, Bangalore and Mysore. The SIP also jointly hosted the Conference on 'India - Japan : Enduring Encounters' in collaboration with College of International Relations, Nihon University. During the conference, papers were presented by experts/faculty from both Goa University and Nihon University. The SIP also conducted a special semester programme for students from University of North Dakota in association with Department of Philosophy and Department of Sociology.

(vi) National Service Scheme

National Service Scheme (NSS) of Goa University has 26 affiliated colleges including two newly added colleges - Don Bosco College, Panaji and VMRF College of Nursing, Margao, with a total volunteer strength of over 8000. Mr. Teotone Vaz, is the Programme Coordinator for NSS.

Regular activities conducted on the campus and in the community/adopted villages included orientation to the freshers, tree plantation, campus maintenance, development of playgrounds, laying of gardens, watersheds, rain water harvesting, awareness programmes on drug abuse, HIV-AIDS, mental health etc

Community/Adopted village projects included eradication of illiteracy, wasteland development, programmes on health, nutrition, hygiene, sanitation, mother and child care, family life education, campaign against social evils, adult education, environment protection, segregation of garbage, vermicomposting, work in hospitals, orphanages, aged homes, blood donation camps, etc.

18 colleges conducted blood donation camps and 1184 units of blood were donated, contributing to 12% of Goa's blood requirement.

NSS plays a main role in organizing and celebrating Independence Day, NSS, World Population Day, AIDS Awareness, Sadhbhavana, Gandhi Jayanti, Goa Liberation Day, Republic Days, etc.

Volunteers from St. Xavier's College participated in pre-RD Camp, from which one girl volunteer was selected for the RD Parade in New Delhi. A joint contingent of 6 volunteers from C.E.S. College and Govt. College, Quepem, represented Goa University for the National Integration Camp held at Mangalore, with Nityanand Naik, PO from CES College, as Contingent Leader.

Special Camps, a crown activity of NSS, forms an integral part of the Scheme. It is full of new experiences for the volunteers and provides unique opportunities to the students for group living, collective experience sharing and constant interaction with community.

The N.S.S. of Goa University has more than 8000 volunteers this year.

PART 4: GENERAL ADMINISTRATION

General Information

The University has taken up construction activity for various works at the campus. The major projects undertaken and completed are as follows:-

1. Phase II of new examination building.
2. Phase II of University Science Instrumentation Centre.

Construction of following buildings is nearing completion:

1. International Students Hostel.

The following construction work is scheduled to start shortly:

1. Compound wall for the University campus.

The following works undertaken by GSIDC are in progress and are nearing completion:

1. Construction of Science Faculty building.
2. Construction of Boys Hostel.

Painting, waterproofing and maintenance works etc. for various buildings have also been taken up.

Computerisation and IT Infrastructure on the campus

A central inventory system application has been developed and implemented in the Purchase Section to record and monitor the purchases of various items and their placement in the University. The Computer Centre has replaced the old and outdated Line Matrix Printer by a new and improved one which has improved the printing speed and quality.

During the year, the University Internet users have increased remarkably, especially on the wireless network. The network has also been extended to locations. The UGC has sanctioned upgradation of the existing bandwidth of 512 kbps on VSAT to 2 Mb on fibre optic leased line which will be implemented shortly. With this the University Internet surfing will improve and facilitate the students and the teaching community.

Conduct of Examinations

The University conducted examinations in 28 Bachelor's degree programmes, 38 Master degree programmes and 4 Post Graduate diploma programmes during the year 2007-2008. Altogether 6048 students appeared for these examinations out of which 5443 passed.

The Public Relations section has also established a Statistical Cell as per the directives of the University Grants Commission.

U. G. C. Academic Staff College

The Academic Staff Orientation Scheme is an outcome of National Policy Education (NPE) (1986).

The UGC-ASC came into being with an overall objective of acting as an agency to bring about changes and development in education. It is meant to involve itself in the improvement in the management of Higher Education, and to bring about a closer linkage between the society and Higher Education through meaningful study and research.

The UGC-ASC at Goa University came into existence in February 1988. It has been conducting Orientation Courses since its inception. In addition to Orientation and Refresher Courses, the UGC-ASC has been organizing Seminars/Conferences and other academic activities regularly.

In keeping with the recent advances in Information Technology, the UGC has given a major thrust to IT and its applications. A computer lab has been set up with special grants from the UGC. Participants are given basic training along with hands-on experience with computers. They are also helped in exploiting the informative resources on the Internet and in the use of other technologies. Refresher course participants are trained to use software packages pertaining to their particular disciplines.

The ASC has completed 75 Orientation Programmes and 150 Refresher Courses, covering 2558 and 4316 participants respectively. During the year 2007-08 UGC-ASC conducted 3 Orientation Programmes and 9 Refresher Courses in English, Commerce, Life Sciences, Computer Science, Psychology, Environmental Sciences, Hindi, Physics and Physical Education.

Achievements of the College

To give a wide exposure to the public, the Goa Day-Vision 2011, a culmination of the annual Project Goa, held since the past nine years in the Institute's premises, was held at the Kala Academy Auditorium on 13th Feb. The over five hour programme highlighted the efforts of the trainees to gather vital information of the state's roots and identity. The word 'Vision 2011' – was in preparation for celebrating the Golden jubilee of Goa's Liberation of freedom from colonial power. Apart from focusing on the nostalgic memories of the past, we are also making every Goan aware of the need "to look beyond the existing."

An English play – 'The Diamond Necklace' by Guy de Maupassant showcased the theatrical skills of the Goan youth on stage, their fluency in the English language and their familiarity with Western culture.

The students organized a three day HIV/AIDS Mass Rally through the streets of Panaji city, with handbills / posters and street plays.

A special workshop for teachers of schools was also organized on HIV/AIDS.

Nirmala Institute of Education was listed by the National Aids Control Organisation (NACO) as one of the training institutes to train a cohort of HIV Counselors, to provide knowledge on prevention, treatment and care issues in HIV/AIDS and to strengthen the skills of counselors and health workers to provide quality VCT/PPTCT and ART counseling to the clients.

Three training programmes of five day duration each were conducted for staff, nurses of the Directorate of Health Services. 55 participated in the training programmes.

A twelve day training programme was also conducted for the counselors of various Government hospitals

A visit to the Anti Retro viral Therapy (ART) in the Goa Medical College was also conducted.
