P R E F A C E

The passage of every year represents a milestone in the life of man and institution. At the end of every such period, we recapitulate our endeavours which have either brought us successes or resulted into failures, Whether the efforts put in have produced the desired fruits or whether something was amiss in the attainment of our goals.

The undertaking of any task depends upon the 'purpose that it would serve not only for the self-benefit but of humanity at large, either for his or its maintenance or for improvement. There are a multitude of projects launched in every field, such as socio-economic, scientific, literary, etc., with the sole aim of improving and raising the standard of mankind. In this tiny State of Goa. the establishment of the University served this very purpose.

Undoubtedly, a task of such gigantic dimensions could not materialise overnight. Sincere efforts were involved by way of lengthy preparations, sound planning and strenuous negotiations. Promotion and implementation of the various phases required men of vision, character and competence. But today, if we look back, it can safely be said that it was a period well spent and the endeavours put in produced, if not total, at least a satisfactory result within such a short period of time.

This is the third year of our existence and it can well be said that every year has been a hectic period that enable us to reach at the level we are today. Yet, much still remains to be done. Three years are too short a period to have achieved anything spectacular. But efforts were not spared to get done the maximum possible, so that our young University could, at least, be on the path of standing as an efficient and progressive institution, which would represent an ultimate seat of learning, a lighthouse diffusing its illuminating rays upon our young generation to inspire in them creative thinking and imbibe in them the true values of knowledge, that they could come out as enlightened, true and useful citizens

Gone are the days when the motto as "Higher Education for the select few". Today, we are in the age when higher education is promoted and made available to the masses. To achieve a greater measure of success to this effect, what is really needed is that these masses should be motivated in a true and proper way. This is going to be really a task for the present and the years to come.

Fortunately, this University was blessed from the very beginning with the useful guidance from knowledgeable quarters and the wholehearted support both from the Central and the State Governments. Even in the matter of securing the UGC recognition as an institution fit to receive the central assistance, our efforts proved fruitful by fulfilling all the conditions laid down for such recognition under section 12(b) of the UGC Act, 1956. With this recognition by the UGC, things are expected to be further smoothed in so far as promoting of various academic programmes and intensifying of construction activities are concerned. Proposals have already been submitted for the financial assistance for the years 1988-89 and 1989-90 and they are receiving favourable consideration of the UGC. Likewise, financial assistance will be forthcoming from the various Central Ministries for the implementation of specific schemes and projects covered under their respective development programmes

Our University which at present functions in the Medical College Complex at Bambolim is expected to be shifted to its own campus located on the Bambolim - Talegaon plateau in 1989-90. Although the construction work of this new campus is making steady progress, there is no gainsaying the fact that in the initial phase considerable delays occurred in the construction work.

Two proposals that were submitted during the year under report to the UGC viz. to set up in our University a Centre of Latin American Studies including a Department of Romance Languages and a Centre for Womens Study, have been duly considered and approved by the UGC during the year 1988-89. The UGC had selected this University for locating one of the Academic Staff Colleges. This college has already started functioning from this academic year.

Various academic and other developments which are being carried out right from the inception of our University represent no mean achievement during such a short period of three years. It is hoped that the foundation that has now been laid would tend to lead for a solid growth and development of this young institution.

Finally, it is my duty to record here my sincere gratitude, on my own behalf and on behalf of the University, to our Visitor, H.E. Dr. Gopal Singh as well as Hon'ble Chief Minister, Shri Pratapsingh Rane both of whom have always

Strived to be accessible and extend valuable help and guidance in the affairs of this University. The framing and funding of policies, implementing them and successfully carrying them out of the benefit of an institution of the order of an University is, undoubtedly a colossal task and were it not for the sincere cooperation, help and assistance from very sector, this would have been but a dream. to on those who contributed their mite in laying down deep and healthy roots of our University, I am deeply grateful, more so to the members of the Executive Council, the Court, the Academic Council and the Planning board, to the secretaries of the Government of Goa and the UGC for their help and assistance in respect of funds and every other facility; and Last but not the least to our faculty, students and the administrative staff for their coordinated efforts to make this University a reality.

University Office,
Bamboim - Goa,
March, 1989.

Dr. B. Sheik All
VICE - CHANCELLOR

CHAPTER - I

I N T R O D U C T I O N

The Vice-Chancellor, on behalf of the Executive Council, has great pleasure in presenting to the Court the Annual Report of the University for the year 1987-88 as required under Section 26 of the Goa University Act, 1984.

I. General

The Goa University is completing the third year of its existence. Established on 1st June, 1985 as a teaching institution for higher education, it became fully operative with effect from June 19th, 1986, having, besides the 20 Post-graduate departments, 22 affiliated colleges and 5 recognised institutions. Prior to this date, the privileges of higher education were extended to this State by the University of Bombay, affiliating all the then existing 16 colleges and 2 institutions. So as to avoid any adverse effects on the carrier of the students, it was decided that those admitted to the above 16 colleges and 2 institutions during the academic year 1985-86 should be permitted to prosecute their studies under the syllabus of the University of Bombay and to appear at the examinations conducted by that University till they complete their course of study.

The University has by now been fully established. It will shortly conduct its first public examinations for the students who were admitted to the first year classes during the academic year 1986-87. All the Authorities prescribed under the Goa University Act, 1984 like the Executive Council, the Academic Council, the Court, the Planning Board, Boards of Studies for different subjects, etc. are fully in operation.

His Excellency Dr. Gopal Singh, Governor of the State and Dr. Nagendra Singh, President of International Court of Justice at the Hague continued to function as the Visitor and the Chancellor of the University, respectively.

II. Faculties and Academic Programmes

a) Till 1986-87, the following Teaching Departments were functioning in the University: English, Hindi, Marathi, French, Economics, History, Political Science, Sociology, Philosophy, Mathematics, Physics, Chemistry, Microbiology, Marine Science, Geology, Konkani and Portuguese.

b) During the year under reference two more Departments were created. These were Departments of Commerce and Computer Science & Technology.

c) An Academic Staff College has also been set up in this university. This college is providing orientation and refresher training courses for college teachers. The first such course was organised by the College by the end of the year under review,

d) Two more proposals, which were submitted during this year, have been approved by the U.G.C. The first is for setting up a Centre of Latin American Studies (including a Department of Romance Languages) in this University to conduct teaching and research relating to the Latin American Studies. The second proposal relates to the establishment of a Centre for Women's Studies. The objectives of this Centre would be to identify the problems and needs of Women and recommend suitable policy measures, and programmes to help solve their problems and meet their needs effectively.

e) The University has received approval from the Department of Bio-Technology, Ministry of Science and Technology, Government of India, to start the programme of education and training leading to a degree in M.Sc. in Marine Bio-Technology.

f) A coaching class was conducted during the year for the candidates appearing for the Civil Services (I.A.S. etc.) examinations though unfortunately, the response was not very encouraging.

g) The University granted affiliation to Kala Academy, Goa, to start a college of Music to impart at the first instance, instructions in Indian Classical and Instrumental music leading to degree in Bachelor of Music. It is also proposed to extend the instructions to Western Music as soon as possible.

h) Apart from the periodical seminars and workshops conducted by the different Teaching Departments, the University also successfully-hosted this year the Golden Jubilee Session of the Indian History Congress.

III. Construction, Programme

The new University Campus, which is located at an enchanting site on the Bambolim-Taleigao plateau has been making steady progress. The entire construction work has been divided into two phases the first to be completed in the Seventh Plan (1985--90) and the next in the Eight Plan (1990-95). All efforts are being made to complete the first phase work as per the schedule.

IV Financial Position

a) With the UGC recognition, this University is entitled to receive financial assistance under the various schemes and programmes funded by the UGC. Proposals for the two remaining years i.e. 1988-89 and 1989-90 amounting to a total of Rs. 540.00 lakhs were submitted to the UGC. However, the UGC has agreed to provide a sum of only Rs. 50.00 lakhs for these two years as development grants, under the VII th Plan.

b) During the year under review, 1987-88, the University had prepared an ambitious budget envisaging an expenditure of Rs. 6.09 crores on the plan side and Rs. 0.59 on the non-plan side. However, because of various reasons, the State government did not release more than Rs.2.43 crores on the plan side and Rs. 0.27 crore on the non-plan side. However, we had a carry over of Rs. 1.99 crores on the Plan side and Rs. 0.25 crores on the non-plan side from the previous year (1986-87). Unfortunately, the work on the construction of the University Campus had not progressed at the desired speed in the year under review with the result that the expenditure on this most important item was below the target. Ultimately, it is found that the actual expenditure on the plan side amounted to Rs. 4.32 crores and on the non-plan side Rs. 0.51 crore.

c) During the year under report, the following grants were sanctioned:

- I) Rs. 89.70 lakhs by the Department of Bio-Technology, Ministry of Science and Technology, Government of India for starting Post-graduate courses in education and training leading to M.Sc. degree in Marine Bio-Technology.
- ii) Rs.17.25 lakhs by the UGC for research in Super-conductivity field.
- iii) Rs., 7.05 lakhs by the UGC for the development of the University Library.
- iv) Rs. 1.05 lakhs by the UGC for publication of research
- v) Rs. 5.00 lakhs by the Khadi Village Industries for conducting research on sisal fibre.

10) General contributions

Dr.Des, Dr.Bhat and Dr.Prahalad (of the Mathematics Dept.) acted as quiz masters in the Intercollegiate

Quiz Competition Dr. Mande gave a talk in the National Science Day Celebration organised by the Govt. of Goa.

vi) Any other details

Dr.G.R.Bhat participated in the national programme of the NCERT, New Delhi, for writing text books for classes VII to XII under the New Education Policy of the Government of India.

2.3 Department of Chemistry

The Department consists of three disciplines, i.e. Inorganic, Organic and Physical Chemistry. Post-graduate degrees are awarded in each of the disciplines separately.

i) Teaching Staff

. During the year 1987-88, Dr.V.N.Kamat Dalal, Reader, functioned as the Head of the Department, as Dr.S.K.Paknikar, Head of, Department was appointed on a National Fellow, for a period of two years beginning from 20th July 1985. However, Dr.Paknikar continued to offer his services as Guide of Research students. Details of the members of the teaching Staff, and their designation are as follows:

<u>Name</u>	<u>Designation</u>
1. Dr.V.N.Kamat Dalai, M.Sc.Pl.D.	Reader
2. Di: J,K.Kirtany, M.Sc., Ph.E'	Reader
3. Dr.K.S.Rane, M.Sc., Ph.D.	Lecturer
4. Dr.B.D.Desai, M.Sc., Ph.D.	Reader
5. Dr.S.P Kamat, M.Sc., Ph.D	Lecturer
6. Dr.J.B.Fernandes, M.Sc., Ph.D.	Lecturer
7. Dr.K.a.Budkuley, M.Sc., D.H.E.ph.D.	Lecturer

ii .Contributory Teachers:

During the year, contributory teaching was also done by the following teachers. The details are as follows.

1. Shri S.H.Harite, M.Sc., LL.B., Lecturer and Head of Chemistry Department in Dhempe College of Arts & Science delivered 20 lectures.
2. Dr.P.K.Omkar, M.Sc. Ph.D., Lecturer of S.P.Chowgule College, delivered 30 lectures.

3. Dr. (Fr.)N. Pereira, M,Sc.,Ph.D,, Principal of St.Xaviers College, delivered 16 lectures.
4. Shri S.G.Deshpande,M,,Sc. Lecturer in S.P.Chowgule College delivered. 34 lectures.
5. Shri G.R. Dukle, M.Sc.,Lecture in St .Xavier's delivered. 13 lectures.
6. Shri V.S,Dinge, M.Sc,,Lecturer in Dempe College delivered 14 lectures.
- 7 Dr.K.G.Kamat, M.Sc., Ph.D., Lecturer in Dhempe College Delivered 11 lectures.
- 8 Dr.R.V.Tamba,M.Sc., Ph.D.,Asst.Professor in Pharmacy College delivered 16 lectures.
9. Shri B.V.Shirwaikar, M.Sc.,Lecturer in S.P.Chowgule College delivered 8 lectures.
10. Shri V.V.Gharse,M.Sc., Lecturer in S.P.Chowgule College delivered 24 lectures.
11. Shri S.K.Naik,M.Sc., D.H.E. Lecturer in S.P,Chowgule College delivered 8 lectures.
12. Shri R.S.Padiyar,M.Sc. (Inorg,M.Sc.(Org)Lecturer in S.P.Chowgule College delivered 12 lectures.
13. Shri S.P.S.Kakodkar, M.Sc., D.H.E., Lecturer in S.P.Chowgule College delivered 10 lectures.
14. Shri E.M.Rayker, M.Sc, Lecturer and Head of CheMIstry Department in S.P.Chowgule College delivered 22 lectures.

iii) The following teachers 'delivered lectures on specialised topics:

1. Shri P.D.Gumaste,Head of the Dept. of Chemistry, S.P.K. College,Sawantwadi.
2. Dr.B.D.Hosangar, Dept.of Chemistry, Bombay University, Bombay.
3. Dr.S.B.Kulkarni, Dept of Chemistry', Poona University, Poona.

iv) Visitors to the Department

1. Prof. Akira Yoshikoshi Director,Chemical Research
M.Sc.,Ph.D. Institute. of Non-aquous
Solutions,Tohoku Univer-
sity,Japan, delivered a

talk on 7th March, 1988 on the "Synthesis of picrotoxins".

2. Dr. Tomasz T. Suchecki, Ph.D.

Polish. Academy of Sciences, institute of Environmental Engineering, delivered a talk on 13th Feb. 1988, on "kinetics of SO₂ absorption on CaCO₃ slurry".

3. Prof. M. S. Wadia, M.Sc., Ph.D.

Head of Department of Chemistry Poona University Poona delivered a talk on 9th March, 1988 on "Generation of - Acylcarbenium ions: A novel uncatalysed C-C Bond formation at room temperature".

v) Details of Research Students:

1. Five students for Ph.D. degree under the guidance of Prof. S. K. Paknikar.

2. One student for M.Sc. by Research under the guidance of Dr. J. K. Kirtany.

vi) During the year, Dr. Uday Naik was awarded Ph.D. degree of Bombay University under the guidance of Prof. S. K. Paknikar.

vii) Participation in Seminars/Conferences/Workshops.

1. Prof. S. K. Paknikar attended the National Symposium on "Recent Advances in Organic Chemistry" at Poona University (First synthesis of (-)- Biflora - 4,10(19), 15 triene and Absolute stereochemistry of khusol at C11).

2. Dr. J. S. Budkuley attended the symposium on "Hydrazine Chemistry" at the Indian Institute of Sciences, Bangalore and presented papers.

3. Dr. K. S. Rane attended workshop on "Fluorescence Spectroscopy - Theory and Applications" at the Indian Institute of Technology, Bombay,

2.5 Department of Geology

i) Teaching Staff

The following teachers manned the Department during the year:

1. Dr. A.G.Desai, M.Sc, Ph.D. Lecturer in Geology.
2. Dr. T.A. Vishwanath, M.Sc., D.I.I.T., Ph.D., Lecturer in Geology.

ii) Contributory Teachers

1. Shri F.B.Antao, M.SC., Lecturer and Head of the Department of Geology in Dhempe College of Arts & Science.
2. Prof. A.M.Nadkarni, M.Sc. Lecturer in Dhempe College of Arts & Science.
3. Shri R.P. Gurav, M.Sc., Lecturer in Dhempe College of Arts & Science.
4. Shri A.G. Agshikar, M.Sc., Lecturer in Dhempe College of Arts & Science.
5. Shri A.A. Fernandes, M.Sc., Lecturer in Dhempe College of Arts & Science.
6. Prof. S.M. Borges, Lecturer and Head of the Department of Geology in Chowgule College.

iii) Visitors

Dr. John A. Mathews, M.Sc., Ph.D., Lecturer in

Geography from the Department of Geology, University College Cardiff, visited the Department in March 1988. His visit was aimed at collaborative research with the Goa University. He discussed among other topics, "Recent Advances in Research on Geomorphology of the Glaciated Terrains from India".

iv) Participation in Seminar, Conference, Workshop etc.

Name of the Seminar, Conference, Workshop etc.

Participant

Dr. A. G. Desai Participated in the International Symposium on Metallogeny of the Tethyan Ophiolites organised by the Patna University. He contributed a research paper on "S E M morphology and geochemistry of podiform chromites from ultramafites of Indus Ophiolite Belt, Ladakh; Himalaya.

CHAPTER III

AFFILIATED COLLEGES AND INSTITUTIONS RECOGNISED BY THE UNIVERSITY

As stated earlier, the Goa University became fully operative w.e.f. June 19th, 1986 when the Goa University Act 1984 became operative in this State in its entirety.

As on March 31st, 1988 there were 22 affiliated colleges and 5 institutions recognised by the University. A list of these colleges and institutions as on 31-3-88 is appended.

A brief report on the activities of various institutions is given below:

A - COLLEGES OTHER THAN PROFESSIONAL

A-1. DHEMPO CHARITIES TRUST DHEMPE COLLEGE OF ARTS & SCIENCE MIRAMAR, PANAJI-GOA.

The college was established in June 1962 and was permanently affiliated to the Goa University from 19.6.86 in approved subjects leading to B.A. & B.Sc. degrees. There is also a Higher Secondary Section attached to the College.

The college is run by the Dempo Charities Trust in a vast three storied building, having 15 Lecture rooms, besides ample space to enable the college conduct its curricular and extra-curricular activities.

Hostel -facilities are also provided by the College, separately for boys and girls. During the year under report, the number of male hostelites was 64 and female 59. Other details are as follows

Teachers and students of the local colleges are encouraged to use the University Library and the reference and borrowing facility is extended to them. Ph.D. Students are issued ten books at a time, as a special facility to boost research activity in the University.

The Library continues to receive presentation of books/periodicals from a number of persons and institutions.

Other Material:

Several maps are also collected by the Goa University Library.

BIBLIOGRAPHICAL and Documentation Service:

Bibliographies of reading materials available in the Library were compiled and supplied on demand to staff members on special subjects. A list with the latest addition is circulated to the University Departments. Recently, an exhaustive list of periodicals holdings of the Library has been published.

University Bindery:

Bindery unit been opened to cater to the needs of day to day mending/binding of books and journals.

Classification and Cataloguing:

Books are classified according to Dewey Decimal Classification and subject and author (Main) catalogues are maintained. There are separate catalogues for collections. Moreover the library collection (Books & Journals) is being computerised.

B. Konkani Encyclopaedia

The Encyclopaedia, which will contain information on general knowledge covering the whole world, will cater to the needs of the scholars as well as of the common men knowing Konkani. Emphasis will be laid on information relating to the Konkani speaking territories, their people, history, geography, art and culture, customs and manners, etc.

It will consist of three volumes, each of 1000

pages. The source materials will be extracted from Encyclopaedias in English, French, Portuguese, Hindi, Marathi, Kanada, etc, and from the specialised works. However, original articles on local topics that, so far have not been dealt with in other works, will be written by the scholars conversant with the subject.

The Project will be the first of its kind in the history of Konkani Language and will go a long way in bringing the general knowledge to the doors of the common Konkani men.
