

DST-INSPIRE Faculty Monitoring-cum-Interaction Meet

(Earth, Atmospheric and Mathematical Sciences)

at

GOA UNIVERSITY, TALEIGAO PLATEAU, GOA

27-28 January, 2017

Coordinated by: Departments of Earth Sciences, Marine Sciences and Mathematics

INSPIRE Faculty Scheme

Assured Opportunity for Research Career (AORC)' for young researchers in the age group of 27-32 years.

Purpose:

1. Aims to provide attractive opportunities to young achievers for developing independent scientific profiles and launch them in fulfilling long term careers.
2. Expected to augment high quality scientific manpower for scientific and educational institutions, specially the Central and State Universities
3. While the vertical migration among students in different INSPIRE components would be encouraged, the Scheme would also provide opportunity to students for lateral entry into this component.

This fellowship is beneficial to Indian students with Ph. D. (or those awaiting award of doctorate) in any of the Science, Mathematics, Medical, Pharmacy, Engineering or Agriculture-related subjects, particularly those demonstrating research potential with publications in reputed peer-reviewed journals.
