Course outcomes:	At the end of this course, students will be able to: 1. sustain reasonably and fluently a straightforward description of one of a variety of subjects within his/her field of interest, presenting it as a linear sequence of points. 2. deliver short, rehearsed announcements on a topic pertinent to everyday occurrences in his/her field. 3. write straightforward connected texts on a range of familiar subjects within his field of interest by linking a series of shorter discrete elements into a linear sequence. 4. summarize, report and give his/her opinion about accumulated factual information on familiar routine and non-routine matters within his/her field with some confidence.

Name of the Programme : B.A. Portuguese
Course Code : POR-412
Title of the Course : Advanced Portuguese Language
: (Língua Portuguesa Avançada)
Number of Credits : 4
Effective from AY : 2026-2027

Prerequisites for the Course:	Any student pursuing the undergraduate program in Portuguese at Goa University or an affiliated college is eligible to take the course as a Minor paper.	
Course Objectives:	1. to understand the main ideas of complex text on concrete and abstract topics, including technical discussions in their field of specialization. 2. to interact with a degree of fluency and spontaneity, making regular interaction with native speakers possible without strain for either party. 3. to produce clear, detailed text on a wide range of subjects and explain a viewpoint on a topical issue, giving various options' advantages and disadvantages. 4. to develop written and aural/oral communicative competence in Portuguese (including fluency, grammatical and lexical accuracy and range) as per the B2.1 level (independent user) under the CEFR for languages; 5. to establish and maintain effective social and working relations with Portuguese speakers	
Content:	Module 1: The Portuguese language. Portuguese as a pluricentric and international language; the Lusophone space; the economic value of Portuguese; Portuguese as a Foreign Language; The Community of Portuguese-speaking Countries (CPLP). <u>Grammar:</u> Placement of clitic personal pronouns. Indicative and subjunctive (regular and irregular verbs); Present Subjunctive with impersonal constructions; infinitive clauses; adverbs ' <i>talvez</i> ', ' <i>provavelmente</i> ', ' <i>possivelmente</i> '.	15 hours
	Module 2: Contemporary Portugal. Intergenerational relations; Portuguese personalities, brands and products; Education in the 21st century: studying in Portugal; professional courses and jobs; women in education and the job market. <u>Grammar:</u> The expression of will and desire: The Present Subjunctive Tense; infinitive and complementary clauses. The Imperfect Preterite in conditional and complementary clauses; expressions of certainty. Concessive clauses with Subjunctive and Personal Infinitive; temporal clauses with Present Subjunctive and Personal Infinitive.	15 hours

	Module 3: Popular and religious festivals. Traditional festivals and gastronomy. Pilgrimages and places of religious worship; marriage in Portugal. <u>Grammar:</u> Final and conditional clauses; Final and temporal clauses in Subjunctive and Personal Infinitive; '<i>Há quem</i>' + Conjunctive and '<i>Há + nome + que + Indicative</i>'. The exclamatory of desire.	15 hours
	Module 4: Tourism and Culture. Places of tourist interest in Portugal and the most characteristic products; gastronomy and the regions of Portugal; Portuguese art and culture; Portuguese legends and beliefs. <u>Grammar:</u> Imperfect subjunctive tense (regular verbs); impersonal constructions with the indicative; Imperfect conjunctive past tense in complementary and conditional clauses with the conjunction 'se'; concessive and temporal clauses; the formation of the Future subjunctive.	15 hours
Pedagogy:	Communicative approach and teaching-learning process based on classroom tasks. The emphasis in a communicative task is on successful task completion and consequently the primary focus is on meaning as learners realize their communicative intentions. However, in the case of tasks designed for language learning or teaching purposes, performance is concerned both with meaning and the way meanings are comprehended, expressed and negotiated.	
References/ Readings:	1. Coelho, Luísa & Oliveira Carla (2018). <i>Português em Foco 3</i>. QECR, Nível B2. Lidel, Edições Técnicas Lda., Lisboa.	
Course outcome:	At the end of this course students will be able to: 1. Understand the advanced lexical and grammatical structures and their uses in oral communication; 2. Have greater flexibility and capacity to use the language in less predictable situations; 3. Use strategies of communication and have a greater awareness of register (formal/informal) and social conventions, developing mechanisms of sociocultural adequacy, thus broadening the communicative competence; 4. Go beyond the mere understanding of factual information, being able to distinguish between main elements and secondary ones. The speakers are able to produce texts of various types.	

Name of the Programme : B.A. Portuguese
Course Code : POR-413
Title of the Course : Technical Translation & Subtitling
: (Tradução Técnica e Legendagem)
Number of Credits : 4
Effective from AY : 2024-25

Prerequisites for the course:	Students who are registered for the Fourth year B.A. Hons. in Portuguese programme can take this course as a Minor.	
Course Objectives:	1. To translate scientific and technical texts of various types (e.g. academic, industrial, promotional) paying special attention to terminology, phraseology, information structure, register and style from source to target language 2. to carefully select and make effective use of the multiple resources used by professional translators 3. to specialize in different areas, i.e., be autonomous learners of specialized languages, with emphasis on personal preferences and interests in a specific scientific and/or technical field 4. be familiar with the professional subtitling process and the different steps it involves 5. be able to locate and use the multiple resources available for subtitles on the Internet 6. practice the language and technical skills needed to subtitle an audio-visual programme	
Content:	Module 1 - Theories of translation: specificity of technical translation; referential, terminological, pragmatic and textual equivalences.	15 hours
	Module 2 - Translator as the producer of texts; Strategies for technical translation.	15 hours
	Module 3 - Scientific and technical translation	15 hours
	Module 4 - The semiotics of audiovisual texts; Audiovisual translation for television, cinema and DVD: subtitling for television	15 hours
Pedagogy:	• In-class work will be based on different text types (e.g., academic articles, abstracts, reports). The guided discovery on how to deal with these translation projects, from the pre-translation and research phase to the production and post-translation phase, will then serve as a model for students' own projects in other fields. • Translation exercises from various types of texts. • Audio-visual documents for simultaneous translation. • Subtitling an audio-visual programme. • Students' individual projects may comprise an extended translation assignment on a specialized topic of their own choice as well as the making of specialized comparable corpora and a glossary with the help of Linguistic Corpus (Corpógrafo).
